

True Home Protection Expands Austin Commercial Security Division with AI Security and No-Contract Protection

The image displays the True Home Protection commercial security system interface across multiple devices. At the top, four icons represent the system's capabilities: Alarm Systems, Video Surveillance, Access Control, and Energy Management. Below these, a laptop and a smartphone show the system's user interface. The laptop screen features a central video feed with a person detected and labeled 'Person'. To the left is a navigation menu with options like Home, Video, Automation, Notifications, Activity, User Access, and Settings. To the right, a notification banner reads 'Opened Late 8:47 am, Today'. Below the video feed, there's a 'Recent Activity' section showing a timeline of events, including 'Main Entrance 1 hour ago' and 'Unlocked'. A thermostat control is also visible. The smartphone screen shows a 'HISTORY' log of events, including 'Panel Disarmed', 'Closed Late', 'Loading Dock: Video "Camera-Triggered (Vehicle)"', 'Back Door Unlocked', 'Office Locked', and 'Main Floor mode changed to cool'.

No Contracts. Hassle-Free Quote.

Austin, Texas Dec 19, 2025 ([IssueWire.com](https://www.issuewire.com)) - True Home Protection, one of Texas's highest-rated alarm and security providers, announced the official expansion of its [Commercial Security System Installations](#) division in Austin, TX. The enhanced offering delivers custom, scalable, and fully integrated commercial security solutions for small businesses, office buildings, warehouses, retail facilities, and enterprise environments—without binding long-term contracts.

Located at **1823 Fort View Rd Suite 206, Austin, TX 78704**, True Home Protection's Austin team now provides businesses with comprehensive access to advanced intrusion protection, AI-powered video surveillance, real-time monitoring, access control, business intelligence insights, and energy

management solutions. With same-day service availability, transparent pricing, and an A+ BBB rating, the company continues its reputation as Texas's trusted choice for business security.

Custom Commercial Security Built for Austin Businesses

As Austin continues to grow as a hub for innovation, True Home Protection delivers security technology designed to keep businesses protected and efficient:

- **Advanced Business Alarm Systems** with real-time 24/7 monitoring
- **High-definition CCTV & AI-Driven Video Surveillance** with smart analytics and cloud storage
- **Access Control Solutions** including key cards, mobile credentials, and biometrics
- **Centralized Security Dashboards & Apps** to manage multiple locations in one platform
- **Warehouse Security & Operational Intelligence** with performance insights and automated alerts
- **Business Energy & Temperature Management Solutions** to reduce operational costs

"Our mission is to protect what business owners work so hard to build," said a spokesperson for True Home Protection. "Austin companies deserve a commercial security partner that understands local needs, prioritizes reliability, and delivers world-class technology without locking clients into restrictive contracts. That's what sets True Home Protection apart."

Smarter Technology. Faster Response. Seamless Management.

True Home Protection leverages industry-leading automation, AI analytics, and encrypted monitoring to provide proactive protection rather than reactive security. Business owners benefit from:

- Continuous video recording with secure cloud storage
- AI anomaly detection to identify unusual behavior
- Automated reporting for compliance, staffing insights, and operations
- Instant mobile alerts and live access from anywhere
- Camera health monitoring to ensure uninterrupted protection
- Access tracking to monitor employee activity and reduce losses

With **5-Diamond-rated alarm monitoring**, industry-leading response times, and award-winning customer support, True Home Protection ensures Austin businesses stay protected around the clock.

Designed for Every Business — From Startups to Enterprise Facilities

True Home Protection serves a wide range of industries, including:

- Office Buildings & Corporate Campuses
- Warehouses & Distribution Centers
- Retail & Shopping Centers
- Industrial & Manufacturing
- Restaurants & Hospitality
- Healthcare & Professional Services
- Multi-Location & Franchise Businesses

Each system is tailored to the unique layout, risk level, compliance requirements, and budget of the organization. Most installations are completed within **24–48 hours** of finalizing a security plan.

No Contracts. No Hidden Fees. Just Secure, Reliable Protection.

Unlike many corporate alarm providers, True Home Protection offers:

- **No Contracts — Ever**
- Honest, upfront pricing
- Highest quality commercial-grade equipment
- Free onsite evaluations
- Same-day installation availability
- Local Texas-based service team
