

True Laser Spa Introduces Expanded Treatment Options to Support Personalized Aesthetic Care in St. Clair Shores

Modern med spa enhances service experience with new technology, customized treatment plans, and expanded face & body solutions

Saint Clair Shores, Michigan Dec 2, 2025 (Issuewire.com) - True Laser Spa, a trusted aesthetic and skincare destination in St. Clair Shores, is broadening its range of non-surgical cosmetic treatments to meet growing demand for personalized rejuvenation. Known for its welcoming environment and advanced treatment menu, the spa now offers expanded options for injectables, facial rejuvenation, and

body sculpting.

With a continued focus on safe, natural-looking improvement, True Laser Spa provides a wide range of non-invasive treatments including Botox, dermal fillers, laser hair removal, microneedling, regenerative therapies, and targeted skin procedures. Popular treatments such as *botox st clair shores* and *Fillers st clair shores* remain client favorites, offering refreshed facial balance with minimal downtime.

“At True Laser Spa, every client receives personalized care tailored to their goals,” said a representative of the practice. “Our team invests time into understanding each person’s needs, helping them choose treatments that align with their comfort level and desired aesthetic outcome.”

The spa has also expanded its menu of body-focused services, introducing additional techniques designed to support contouring and skin refinement. Clients seeking *Body contouring st clair shores* can now choose from a variety of non-surgical sculpting methods, including Smart Lipo, ultrasonic procedures, Zerona fat removal, and radio frequency technologies. These options allow for gentle but effective reshaping without the need for significant recovery time.

Facial rejuvenation remains a core part of the practice, supported by modern equipment and trained skincare specialists. Treatments such as *Microneedling st clair shores* help improve texture, tone, and scarring, while specialized resurfacing services address sun damage, pigmentation, enlarged pores, and fine lines. The spa’s providers also offer a full suite of *skin tightening st clair shores* services to support improved elasticity and firmness through energy-based technology.

True Laser Spa continues to serve clients from St. Clair Shores, Eastpointe, Harper Woods, Fraser, Warren, Sterling Heights, and nearby communities. With a focus on comfort, high-quality service, and a modern treatment environment, the practice remains committed to helping clients feel confident and cared for from the moment they walk in.

Those interested in facial rejuvenation, body contouring, injectables, or other cosmetic services can request an appointment online or contact the spa directly for personalized recommendations.
