Agile X Solution Sdn Bhd

accounting software in Malaysia are turning to **AutoCount**, supported by **Agile X Solution Sdn Bhd**. As the government's e-Invoice deadline gets closer, local SMEs need a system that is trusted, easy to use, and 100% compliant.

AutoCount is widely recognized as the top choice for Malaysian businesses because it is built specifically for local tax laws. Unlike foreign software that can be hard to adjust, AutoCount works perfectly for Malaysian SST and LHDN requirements right out of the box.

Top Reasons SMEs Choose AutoCount:

- **#1 for Compliance:** It is the most reliable tool for LHDN MyInvois submission.
- **User-Friendly:** Your staff can learn it in one day. It is designed for non-accountants.
- **Local Support:** As an authorized partner, Agile X Solution provides immediate help via WhatsApp and phone.
- **Flexible:** Works for trading, service, retail, and manufacturing companies.

About Agile X Solution Sdn Bhd We provide the **best accounting software in Malaysia** with a focus on customer success. We help you install, train, and maintain your system so your business can grow without limits.
