

# Color & Style Celebrates 60 Years of Remodeling Craftsmanship

**Ohio, United States Jan 27, 2026** ([IssueWire.com](http://IssueWire.com)) - Color & Style is a trusted name in the Dayton, Ohio community, earning massive praise and faith in home remodeling services. Since 1965, the company has been a staple in the remodeling business and has raised standards for peers in the industry. Celebrating 60 years of excellence, Color & Style is now highlighting its kitchen and bathroom remodeling services for the homeowners in Dayton, Kettering, and Oakwood. With six decades of experience, the team continues to fulfil every project with thoughtful designs, complete customization, high-quality material, and outstanding craftsmanship. Each project, no matter how big or small, gets priority from the team, where every detail is handled with care. The result is homes that reflect patience, care, love, and remarkable artistry. In its 60 years of business, Color & Style has never compromised on quality and is committed to maintaining its standard in the upcoming years.

The company believes that remodeling does not end at the surface, which is why it gives priority to creating homes offers comfort and work marvelously in real life. From custom cabinetry and premium countertops to tile and finishes, each element is selected with practicality in mind, making the homeowners' vision come to life. The in-house designers from the team also guide every step of the remodeling process. This makes sure the entire process stays collaborative and rewarding from the very first sketch to the final reveal. The team has meticulous planning, flawless execution, and rigorous

quality assurance to offer, and they never gone out of the settlement. This makes Color & Style one of the most prominent names in the market. In its 60 years of business, the company has managed to satisfy every concern of its customers, highlighting its gold standard when it comes to business and execution.

The team of Color & Style has only one mission: it is to bring its customers' vision to life. With decades of experience and excellent craftsmanship, the company has built a legacy of delivering exquisite bathrooms and kitchens. Each one of its works is one of a kind, where luxury is seamlessly blended with practicality. Both the remodeling services for kitchens and bathrooms go through multiple steps to reach their final reveal. The team of Color & Style has divided this process into two major steps: Material Selection and Layout and Space Planning. Other than these, the company further offers Maintenance and Care for the newly remodeled spaces. Moreover, it is creating a different place for itself in the market with the Green and Sustainable Options. This reflects the company's eco-conscious approach, where it offers a range of green options that not only enhance the beauty of the space but also contribute to a healthier environment. With its eco-friendly materials used in the projects, the company prioritizes sustainability without compromising on style.

As the company celebrates 60 years of serving excellence and local expertise, the entire team of Color & Style invites regional homeowners to experience the difference in service. Homeowners are encouraged to book free consultations and begin planning their practical and dream kitchens and bathrooms. Know more details at: <https://colorandstyledayton.com/>.
