**Jaipur, Rajasthan Jan 12, 2026 (IssueWire.com)** - Dorays LIS, a modern, user-friendly LIMS Software for pathology and diagnostic laboratories, revolutionizes lab operations all around the world. With already 1500+ satisfied laboratories using Dorays LIS, it has emerged as a trustworthy solution for labs in pursuit of efficiency, accuracy, and global compliance standards.

The end-to-end sample management, patient records, test reports, and billing in labs are managed in a single window with this [LIMS Software](#). Its intuitive design reduces manual errors, speeds up reporting processes, and ensures secure data management. By facilitating NABL-ready and international workflows within the software, it thus becomes suitable for all sizes of labs-from small diagnostic centers to large chains of laboratories within hospitals around the world.

"Our mission is to simplify the operations of laboratories while ensuring accuracy and compliance across the globe," said Founder Sandeep Chaudhary of Dorays LIS. "Dorays LIS is built with labs in mind, offering ease of interface, automation, and scalable features for laboratories of any size, anywhere in the world."

To help laboratories take advantage of the benefits firsthand, Dorays LIS offers a 5-day free demo wherein the team can use all the features and see the impact on day-to-day operations.
