

# Evolance Announces Partnership with Saanroo and Pharmactive to Launch Science-Backed Mood & Sleep Support Solutions

The strategic alliance debuts with CADENCE™ Calm + Rest, a new formula leveraging Affron®, a clinically studied saffron extract, to support mental clarity, help promote sleep quality, and support mood balance.†

evolance®

**Miami, Florida Jan 31, 2026** ([IssueWire.com](http://IssueWire.com)) - Evolance Wellness Inc. (Evolance) today announced a major strategic partnership with global ingredient innovators Saanroo Health Sciences LLC (Saanroo, formerly Gencor) and Pharmactive Biotech Products S.L.U. (Pharmactive). This collaboration combines Evolance's commitment to high-performance wellness with the rigorous scientific expertise of two of the most respected ingredient science firms in the nutraceutical industry.

This collaboration will initially focus on integrating Saanroo's and Pharmactive's proprietary ingredients into Evolance's product line, emphasizing support for emotional well-being and sleep quality.

The first release from this collaboration is the launch of CADENCE™ Calm + Rest. It serves as a formula designed to support mood balance and emotional well-being without the use of habit-forming ingredients.†

This formula is anchored by Affron®, a premium saffron extract designed to support the body's natural response to occasional stress. Unlike generic botanical blends, Affron® is supported by 11 clinical studies. Affron® is also the only saffron extract standardized to  $\geq 3.5\%$  Lepticrosalides® by HPLC.

"The modern wellness consumer is looking for reliability and transparency. Our partnership with Saanroo and Pharmactive enables us to go beyond standard supplements and offer solutions grounded in research-backed ingredients," said Andrei G., Head of Product Development at Evolance. "With CADENCE™ Calm + Rest, we aren't just supporting healthy sleep patterns; we are utilizing one of the world's most researched saffron extracts to help maintain balance and support emotional well-being."

CADENCE™ Calm + Rest is officially available at the Evolance Amazon Store

<https://amazon.aei.bio/evolance-affron-saffron> & at [www.evolance.com](http://www.evolance.com) in the near future.

## About Evolance Wellness Inc.

Evolance Wellness Inc. is a performance-wellness company producing clean-label, daily supplements designed to support energy, clarity, and recovery.† Guided by its **Dynamic Equilibrium™** philosophy and **Trust Stack™** transparency initiative, Evolance develops products built on clinically studied ingredients and third-party testing.
