

# Formentera Wonders Introduces Structured Private Boat Experiences Between Ibiza and Formentera

**Eivissa, Balears Jan 12, 2026 (IssueWire.com)** - Formentera Wonders announces the continued development of its private boat trips and maritime experiences designed for leisure travelers, incentive agencies, brands, event organizers, and corporate groups seeking customized events at sea.

Based in Ibiza, Formentera Wonders specializes in organizing private and semi-private boat experiences connecting Ibiza and Formentera. The company focuses on curated itineraries, onboard catering, water activities, and logistical coordination for groups of varying sizes. Its services are structured to support both leisure travel and private events, including incentive travel and branded experiences.

Formentera Wonders offers three core boat trip formats:

- **Essential** (approximately 5 hours): A morning boat trip from Ibiza to Formentera, including a buffet breakfast, paella, open bar service, water sports, and swimming stops at Espalmador and Ses Illetes.
- **Explorer** (approximately 10 hours): A full-day experience departing from Ibiza with onboard breakfast, paella, open bar, water sports, and four to six hours of free time in Formentera. The return to Ibiza is flexible via ferry.
- **Full Experience** (approximately 12 hours): A day-long itinerary combining a boat tour from

Ibiza, onboard meals and drinks, water activities, six hours of free time on the island, and an evening sunset event onboard featuring DJs and dinner.

In addition to scheduled trips, the company develops fully customized private events and excursions. These services are designed to accommodate large groups and are tailored in collaboration with clients, covering route planning, catering, onboard entertainment, and timing.

Client feedback published on major travel and review platforms highlights staff attentiveness, onboard service, and the overall structure of the experience:

- Brianna Harrison *"If you're on the fence, book it!!! The kindest staff and a stop at the clearest water that I've ever seen. Multiple options depending on whether you want a half or full day, and plenty of activities like stand up paddleboarding to keep you busy! The pictures don't do it justice, you have to see it in person!"*
- JOAQUIN SANCHEZ *"What can I say - above all, the crew makes you feel at home. Special mention to Irene and Emi. I was traveling alone, and they made sure I never felt that way at any moment. The excursion is 100% recommendable: good food, unlimited drinks, and enough time to explore part of Formentera. The return trip is incredible, with the sunset, great music with a DJ, and the luck of having a group that energized the party and helped end the day on a high note. Another mention goes to the woman in charge of handing out the shots - not very talkative, but always with a smile on her face. These small details are always appreciated."*
- Maria Antonietta Martin *"The experience was extremely good! A catamaran that goes from Ibiza to Formentera, making a few stops, so we could use paddle boards and jump into the water for a swim. I really liked the service because the staff were attentive. There was a bar for breakfast and drinks, followed by a delicious paella. Great atmosphere with the DJ's music. I had an amazing time!"*
