

“In the Covenant of the Ark” Chronicles a Living, Listening God

Judith Perrine Armour shares a contemplative and prophetic journey rooted in Scripture, healing, and divine encounter

Los Angeles, California Jan 13, 2026 ([IssueWire.com](https://www.IssueWire.com)) - [In the Covenant of the Ark](#) by Judith Perrine Armour presents a deeply contemplative spiritual narrative that explores the enduring presence of God as one who listens, speaks, and heals in every generation. The book offers a modern reflection on ancient biblical promises, drawing connections between the lived experiences of faith today and the prophetic vision described in the Book of Joel, where God's Spirit is poured out upon all humanity.

Structured as a spiritual chronicle, the work traces a mystical journey shaped by prayer, discernment, and lived encounters with the Holy Spirit. The narrative bears witness to experiences of faith, wisdom, knowledge, prophecy, healing, discernment, and spiritual gifts traditionally associated with early Christian communities. These experiences are presented not as distant historical phenomena, but as realities that continue to unfold in contemporary life. Through testimony and reflection, the book affirms a God who remains active within human history and responsive to the needs of the present age.

The text invites readers into a theology grounded in encounter rather than abstraction. Miracles, prophetic fulfillment, and moments of divine guidance are woven together to reveal a consistent theme of God's abiding love and restorative power. The work emphasizes hope, spiritual renewal, and the relevance of faith in addressing the challenges of modern culture.
