

ISCPO Welcomes Master Technology Group (MTG) as a Preferred Partner

Dallas, Texas Jan 15, 2026 ([Issuewire.com](https://www.issuewire.com)) - The International Supply Chain Protection Organization (ISCPO) is pleased to announce Master Technology Group (MTG) as its newest Preferred Vendor Partner. The partnership reflects ISCPO's commitment to connecting members with trusted providers that strengthen safety, security, and operational continuity across complex supply chain environments.

MTG delivers nationwide design, installation, and 24/7 service for low-voltage technologies critical to protecting supply chain operations. Its solutions include video surveillance, access control, intrusion detection, fire alarm systems, and data infrastructure—systems that play a vital role in maintaining uptime, reducing risk, and supporting secure operations at scale.

"The ISCPO is delighted to officially welcome Master Technology Group (MTG) as a Preferred Partner," announced [Byron Smith CFI, LPC](#), ISCPO President & Chairman. "As a nationwide provider of low-voltage and workplace technology systems, their expertise provides our members and the broader supply chain security community with a vital resource for driving down risk and strengthening loss prevention."

Organizations across manufacturing, logistics, retail, and commercial sectors rely on MTG for its ability to execute high-quality installations while minimizing disruption to active facilities. MTG is known for managing complex, multi-phase projects with strong coordination, clear communication, and an uncommon level of responsiveness, often continuing work beyond expectations to ensure systems perform as intended.

This partnership further supports ISCPO's mission to provide members with access to providers who understand the operational realities of modern supply chains and contribute to long-term resilience and continuous improvement.

“We are excited to join the ISCPO community and be part of an organization that shares our commitment to protecting people, facilities, and supply chain operations. Being part of ISCPO strengthens our ability to support members with innovative, reliable solutions that protect critical infrastructure and drive industry-wide progress. We look forward to collaborating with ISCPO members and contributing our experience to support safer, more resilient supply chains.” **MTG Leadership**

About Master Technology Group (MTG)

Master Technology Group is a nationwide provider of low-voltage and workplace technology systems, serving commercial businesses across various industries, including healthcare, retail, manufacturing, logistics, corporate offices, and education. MTG delivers design, installation, and 24/7 service for video surveillance, access control, fire alarm systems, data infrastructure, audio/visual systems, and 24/7 support. The company is known for being uncommonly responsive, uncommonly capable, and uncommonly caring — values reflected in client feedback and long-term partnerships. Learn more at www.callmtg.com

About International Supply Chain Protection Organization (ISCPO):

The International Supply Chain Protection Organization (ISCPO) is a non-profit professional organization that connects members from across a wide array of sectors—from manufacturing, retail/wholesale/eCommerce, and distribution to risk management, law enforcement/legal, and logistics.

The organization was created in 2014 to promote, educate, and advocate for supply chain security and protection through building strong networks and delivering exceptional leadership training, board representation, and industry support. www.iscpo.org
