Empowering Healthcare Providers Through Expert Contracting, Credentialing, and Billing Solutions

Columbus, Georgia Jan 23, 2026 ([Issuewire.com](https://www.issuewire.com)) - Columbus, Georgia — Juanita Artamenko is the Founder and Owner of Integrity Provider Services, a healthcare support company dedicated to helping medical providers successfully manage the administrative and business demands of their practices.

With more than 22 years of experience across a wide range of healthcare roles, Juanita brings unmatched insight, credibility, and practical expertise to an industry that often leaves providers overwhelmed by non-clinical responsibilities.

Throughout her career, Juanita has worked in nearly every corner of healthcare operations, including roles as a medical administrative assistant, medical assistant, medical billing manager, certified nursing assistant, psychiatric technician, EKG technician, and EMT. This diverse background has given her a comprehensive understanding of the real-world challenges providers face—both on the clinical front lines and behind the scenes. It is this perspective that allows her to deliver solutions that are not only effective but grounded in firsthand experience.

In 2018, Juanita founded Integrity Provider Services after recognizing a significant gap in reliable, ethical, and knowledgeable practice management support. Since its launch, the company has partnered with healthcare providers and organizations nationwide, helping them streamline operations, reduce administrative burden, and improve efficiency so they can focus on what matters most: delivering quality patient care. Integrity Provider Services is built on a foundation of professionalism, accountability, and ethical business practices—values that Juanita has upheld throughout her career.

Juanita's areas of expertise include credentialing, hospital privileging, provider enrollment, billing, auditing, and business development for start-up practices, as well as a broad range of administrative support services. By tailoring her approach to the unique needs of each client, she helps providers confidently navigate the complexities of healthcare administration while building sustainable and profitable practices.

"At Integrity Provider Services, we specialize in helping healthcare providers manage the business side of their practice," the company states. "From contracting and credentialing with insurance payers to comprehensive billing and CVO services, we provide end-to-end solutions to improve profitability and operational efficiency."

Driven by a passion for service and a commitment to excellence, Juanita is known for building strong, trust-based relationships with her clients. Her dedication to integrity and patient-centered values continues to empower healthcare professionals to thrive operationally while maintaining the highest standards of care.
