

Mack Savage, MD, FACS, Brings Advanced Retina Care to Sedalia, Missouri

Ophthalmologist Launches Savage Retina LLC, Focusing on Patient-Centered Solutions for Complex Retinal Conditions

Sedalia, Missouri Jan 13, 2026 ([Issuewire.com](https://www.issuewire.com)) - Mack Savage, MD, FACS, a board-certified ophthalmologist with a distinguished background in advanced retinal care, is proud to announce the opening of Savage Retina LLC in Sedalia, Missouri. With a commitment to providing exceptional patient-

centered care, Dr. Savage offers both medical and surgical solutions for a wide range of complex retinal diseases, ensuring that patients receive individualized treatment plans that merge cutting-edge techniques with compassionate support.

With extensive training, Dr. Savage completed his internship in internal medicine at the University of Iowa Health Care. Dr. Savage refined his clinical and surgical skills during his ophthalmology residency at the University of Missouri in Columbia, where he gained a solid foundation in all aspects of eye care. He further enhanced his expertise through a specialized two-year surgical retina fellowship at the Kresge Eye Institute in Detroit, Michigan.

Prior to establishing Savage Retina LLC, Dr. Savage practiced at Retina Associates KC, where he earned a reputation for excellence in patient care and surgical outcomes. His board certification by the American Board of Ophthalmology, combined with his dedication to building meaningful relationships with patients, underscores his mission to deliver superior ophthalmic care.

Dr. Savage emphasizes the importance of understanding each patient's unique story. "I enjoy connecting with my patients. I find that really listening to and observing patients as they describe issues affecting their lives reveals the most during an exam," he stated. "Some of the most satisfying encounters I've had in my career have come from getting to the root of a patient's chronic issue by talking with them."

In addition to his clinical practice, Dr. Savage is deeply committed to ongoing research and professional education, contributing to the advancement of retinal medicine and surgical techniques. His dedication to innovation and continuous learning positions him as a leader in the field of ophthalmology.
