

Meet the Floral Expert Transforming Solaire Resort North

Quezon City, Metropolitan Manila Area Jan 26, 2026 ([IssueWire.com](https://www.issuewire.com)) - Walk through the grand lobby of Solaire Resort North and you'll notice it immediately—an unmistakable sense of calm, elegance, and vibrance. Every petal, every stem, every flourish of greenery feels intentional, composed, and artfully placed. These landscapes and floral signatures don't appear by chance. They are living expressions of the woman who envisioned them: Anna Fay Rosal, Florist Manager of Solaire Resort North.

With over 20 years of experience in floral event styling, seasonal décor, and luxury hospitality, Anna Fay brings a cultivated eye and deeply personal touch to every corner of the resort. Her philosophy is simple yet profound. Flowers are not merely decorations; they are stories of place, memory, and emotion.

"There is always a way to make people feel something through flowers," she often says. And at Solaire Resort North, she does just that, every single day.

An Architect of Beauty, Literally

Before entering the world of luxury florals, Anna Fay studied Architecture at the University of Santo Tomas, one of the country's most esteemed design institutions. That foundation shaped her approach to floral design with a profound understanding of space, structure, proportion, and flow. To her, arrangements must not only look stunning—they must belong.

Before coming to Solaire Resort North, she spent two decades honing her craft in the luxury hotel industry. She refined her skills, successfully designing, executing, and managing décor for grand seasonal installations, hotel promotions, intimate celebrations, and major social events while leading a team of florists, gardeners, and decorators.

From sourcing exquisite florals to collaborating with engineers and contractors on large-scale installations, she mastered the unique balance of imagination, budget, quality, and execution that the hospitality industry requires.

Cultivating Experiences at Solaire Resort North

Today, Anna Fay lends her expertise to Solaire Resort North, creating a visual language that reflects the resort's spirit. Warm yet modern, opulent but never intimidating. In her craft, she builds upon the belief that flowers are what breathe life into each space. Each decision she makes for her floral arrangements aims to enhance and blend with the art pieces they accompany.

"I consider the interior and its palette to enhance them with the flowers," she says. From colors to artistic detail, she brings unity to the property through the balance and harmony her flowers introduce.

Together with her talented team, she transforms spaces through floral arrangements, indoor landscapes, seasonal décor, and event styling, ensuring that every guest, from the lobby to the restaurants to the different floors, feels welcomed and inspired.

Step into the property on any given day and you'll find thoughtfully curated vignettes. Fresh roses that

change with the week's palette, orchids suspended like jewelry, tropical greens celebrating Filipino heritage, or whimsical installations that mark upcoming holidays.

Her team works quietly and diligently, often before dawn, refreshing arrangements, so guests encounter beauty at its peak. It is hospitality expressed through nature, alive, breathing, and ever-changing.
