

Regenerix Gold® Helps Define the “Active Longevity” Movement in Daily Joint Nutrition

Regenerix Gold® helps define the Active Longevity movement, positioning daily joint nutrition as a lifestyle foundation for mobility, movement confidence, and long-term independence.

The infographic features a central image of a white bottle of Regenerix Gold Tissue Support Formula by MD Therapeutics. The bottle has a gold band and text that reads "MD Therapeutics", "Regenerix Gold™", "Tissue Support Formula", "Made In U.S.A.", and "Dietary Supplement". To the left of the bottle, there are two circular images: one of winter cherries and one of cat's claw. To the right, there are three circular images: one of ginger, one of turmeric, and one of frankincense. Each image is connected to a text box describing the ingredient's benefits. The background is a light, textured surface.

Winter Cherry
Natural treatment for gout & arthritis

Ginger
Reduce pain & stiffness

Turmeric
Anti-inflammation

Cat's Claw
Improving symptoms of osteoarthritis & Rheumatoid arthritis

Frankincense
Traditionally used for treating joint pains & wound healing

Our Ingredients

New York City, New York Jan 28, 2026 ([Issuewire.com](https://www.issuewire.com)) - Across the United States, a growing number of adults are redefining what it means to age well. Rather than slowing down, many are choosing to stay physically active, socially engaged, and lifestyle-focused well into their later years. This

shift has given rise to what wellness leaders now describe as the [Active Longevity movement](#).

Regenerix Gold®, a [premium daily joint nutrition supplement](#) first introduced in 2014, reflects this evolution by framing joint support as a **lifestyle foundation** rather than a reaction to discomfort. The brand positions daily joint nutrition as part of a long-term commitment to movement confidence, mobility, and independence.

While many joint supplements focus on single ingredients or short-term trends, Regenerix Gold was created using a [multi-pathway, all-in-one formulation approach](#), designed to simplify routines and replace supplement stacking. This model aligns with the practical needs of individuals who value consistency and long-term wellness habits.

In a market where new supplement brands frequently appear with limited real-world usage history — and older formulas often rely on outdated design — Regenerix Gold occupies a **credibility sweet spot**. First formulated in 2014, the product has been refined over time, balancing continuity of use with modern formulation logic.

Rather than promoting quick fixes, Regenerix Gold reflects the broader principles of Active Longevity: staying mobile, living with purpose, and maintaining the freedom to participate in life's activities for as long as possible.

Regenerix Gold is manufactured by a U.S.-based dietary supplement manufacturer operating under current good manufacturing practice (cGMP) standards and is **tested for quality and purity**. The formula is designed to meet current U.S. dietary supplement labeling standards and excludes restricted or controversial substances.

About Regenerix Gold®

Regenerix Gold® is a premium daily joint nutrition supplement designed to support healthy joint and muscle function through a multi-pathway formulation approach. First introduced in 2014, the product has been refined over time to reflect evolving formulation logic while maintaining a real-world track record of use. Regenerix Gold is positioned as an all-in-one alternative to supplement stacking, supporting mobility, movement confidence, and active longevity.

This product is not intended to diagnose, treat, cure, or prevent any disease.
