

South Kendall Animal Hospital Announces New Home in Miami, Florida

South Kendall Animal Hospital announces its new, expanded location in Miami, offering a modern facility designed to enhance patient comfort, advanced veterinary care, and an improved client experience.

SOUTH KENDALL
ANIMAL + HOSPITAL

Miami, Florida Jan 21, 2026 ([Issuewire.com](https://www.issuewire.com)) - South Kendall Animal Hospital is proud to announce the opening of its new home, a brand-new veterinary facility designed to better serve pets and their families in the South Miami-Dade community. The hospital is now welcoming clients at **9501 SW 160th**

St., Miami, FL 33157, marking an exciting new chapter in its continued commitment to compassionate, high-quality animal care.

The new location reflects South Kendall Animal Hospital's mission to combine advanced medicine with a warm, welcoming environment. Purpose-built for modern veterinary care, the expanded space includes thoughtfully designed exam rooms, a comfortable reception area, and improved clinical flow to reduce stress for both pets and pet parents. Every detail of the new hospital was planned with patient comfort, safety, and efficiency in mind.

"This move allows us to better support our patients, clients, and team," said the hospital's leadership. "While our space is new, our values remain the same—providing trusted, compassionate veterinary care with a personal touch."

South Kendall Animal Hospital continues to offer comprehensive veterinary services, including preventive care, diagnostics, dentistry, surgery, and wellness programs tailored to pets at every life stage. The upgraded facility enhances the hospital's ability to deliver these services while maintaining the close client relationships the practice is known for.

The new location also reinforces the hospital's long-standing presence in the community, making it easier and more comfortable for families to access reliable veterinary care close to home. Existing and new clients alike can expect the same dedicated team, now supported by a modern environment built for better care outcomes.

About South Kendall Animal Hospital

South Kendall Animal Hospital is a full-service veterinary practice dedicated to improving the health and well-being of companion animals. With a focus on preventive medicine, client education, and individualized care, the hospital strives to build lifelong relationships with pets and their families. The experienced veterinary team is committed to treating every patient with compassion, respect, and the highest medical standards.
