

## Accident and Wellness Care Centre

Accident & Wellness Care Center announces expanded non-surgical treatments, rehabilitation services, and \$90 DOT medical exams across Middle Tennessee, supporting patients, commercial drivers, and veterans with fast, certified, and affordable care.

**Murfreesboro, Tennessee Feb 11, 2026 (Issuewire.com) - [Accident & Wellness Care Center](#)**, a leading healthcare provider in Middle Tennessee, announces the expansion of its comprehensive non-surgical treatment programs and certified medical examination services. The clinic continues to support patients, commercial drivers, veterans, and injury victims with professional, affordable, and patient-

focused care.

The center offers a wide range of advanced non-invasive services, including Endo Nasal Non-Surgical Treatment, spinal decompression for disc injuries, TMJ and cranial care, cold laser therapy, acupuncture and dry needling, neck and low back pain therapy, sports rehabilitation, and complete car accident treatment programs. These services are designed to reduce pain, restore mobility, and promote long-term recovery without surgery.

In addition to treatment services, Accident & Wellness Care Center provides certified medical examinations such as DOT Medical Exams for just \$90, VA Disability Examinations, Social Security Disability Examinations, and Independent Medical Exams. All examinations are conducted by qualified, certified examiners and offer efficient scheduling, accurate documentation, and same-day results when applicable.

Commercial drivers across Middle Tennessee rely on the clinic for fast, compliant DOT physicals that help them remain legally certified and road-ready. Patients benefit from a streamlined process, affordable flat-rate pricing, and a convenient location serving Murfreesboro, Nashville, and surrounding communities.

By combining advanced therapy options with professional medical evaluations under one roof, Accident & Wellness Care Center continues to strengthen its commitment to safe, effective, and accessible healthcare solutions throughout Middle Tennessee.
