

## **Atlanta-Based Legacy Windows Expands Services with Whole-Home Upgrade Package**

The Metro Atlanta company introduces a bundled window replacement and whole-home tinting initiative designed to improve energy efficiency, comfort, and long-term property value for homeowners across North Georgia.

**Buford, Georgia Mar 1, 2026 (Issuewire.com)** - Legacy Windows, an Atlanta-based window replacement company, has announced the expansion of its residential services through the launch of a bundled whole-home upgrade package for homeowners throughout Metro Atlanta and North Georgia.

The initiative combines professional window replacement in Atlanta with whole-home window tinting services, creating a comprehensive exterior improvement solution designed to improve energy efficiency, reduce heat transfer, enhance curb appeal, and increase long-term property value. The bundled service reflects increasing demand for energy-efficient windows in Georgia as homeowners seek to lower utility costs and modernize aging window systems.

Specializing in vinyl window replacement, custom window installation, entry door replacement, and residential window tinting, Legacy Windows focuses on delivering high-performance glass systems and professional installation standards tailored to Georgia's climate. The company serves communities including Atlanta, Alpharetta, Canton, Roswell, Buford, and surrounding North Georgia areas.

"Our goal is to provide Atlanta homeowners with practical solutions that deliver measurable results," said Jason Russell, founder of Legacy Windows. "By combining advanced window installation with whole-home tinting options, we're offering a streamlined approach to improving comfort, efficiency, and overall home performance."

The bundled upgrade package is available for a limited number of qualifying homeowners as part of the company's seasonal service expansion.

Homeowners interested in window replacement in Atlanta or energy-efficient home upgrades can request a consultation directly through the Legacy Windows website at <https://www.legacywindows.net>.
