

Axes and Os horror film slashes into Valentine's season

Now streaming on Amazon Prime Video, Apple TV, Tubi, Screamify, and Relay

Orlando, Florida Feb 4, 2026 ([Issuewire.com](https://www.issuewire.com)) - Love hurts... and in **Axes and Os (2025)**, it kills. The blood-soaked Valentine's slasher with a sharp genre twist is now available to stream on **Amazon Prime Video, Apple TV, Tubi, Screamify, and Relay**, delivering a deadly dose of romance, revenge, and relentless carnage for horror fans everywhere.

Anchored by horror icon **Jamie Bernadette** (*I Spit on Your Grave: Déjà Vu*), **Axes and Os** puts a modern "Galentine's getaway" spin on classic slasher thrills. Bernadette stars as **Abby**, the tough, outspoken heart of the friend group. The dynamic cast also includes **Cass Huckabay, Madison M. Bowman, Sara Wimmer**, and **Brandon Krum** as the infamous Luther Dremel. Each brings intensity, personality, and momentum to a Valentine's horror ride built for both die-hard genre fans and audiences looking for a new kind of killer date-night movie.

In **Axes and Os**, **Leah, Olivia, Abby, and Dawn** head out for a weekend escape, but their trip turns into a nightmare when they're hunted by **Luther Dremel**, the legendary Valentine's Day ax murderer. As the body count rises and terror closes in, the film swerves into high-energy mayhem when one of the women undergoes a chilling transformation into something otherworldly—setting the stage for a savage final showdown that flips the slasher formula on its head.

The film features a dynamic cast including Writer/Director **Trent Duncan** describes the film as: **"A wild fusion of tongue-in-cheek horror with a nostalgic 80s slasher vibe"**

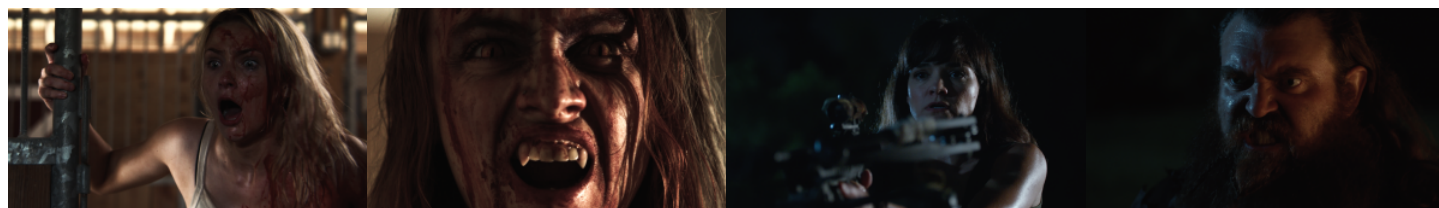

With its bloody heart, holiday theme, and slasher-meets-creature-feature punch, **Axes and Os (2025)** is the perfect pick for anyone who likes their Valentine's stories with more screams than kisses.
