

## Bathroom City expands Perth product range with new vanities, basins, tapware, toilets, and mirrors

Bathroom City boosts its product line in Perth with a wider range of vanities, basins, tapware, toilets, and mirrors, giving homeowners and renovators a simple way to upgrade their bathroom with quality brands and reliable local service.

**Perth, Western Australia Mar 1, 2026** ([Issuewire.com](https://www.issuewire.com)) - Bathroom City, located in Osborne Park, announces a major push to increase awareness of its complete product line, offering one of Perth's most extensive selections of **bathroom vanities, basins, toilets, tapware, and mirrors**. The store aims to support homeowners, builders, renovators, and designers who want access to reliable bathroom supplies in one convenient place.

As bathroom trends in Perth continue to grow, more customers seek a store that helps them build a modern, stylish, and functional space. Bathroom City positions itself as a one-stop shop for quality bathroom products, offering solutions that suit small bathrooms, family homes, investment properties, and luxury renovations.

**A Complete Range Built for Perth Homes**

**Bathroom City** focuses on providing clear product options that balance design, value, and long-term durability. The store now highlights a wider selection of:

- Bathroom vanities Perth
- Bathroom supplies Perth
- Tapware
- Mirrors
- Basins
- Cabinets
- Toilets

Customers can visit the **Osborne Park showroom** to compare features, materials, and finishes with guidance from local staff who understand the needs of Perth homes and renovations.

### **Local Spokesperson Highlights Value for Perth Customers**

Max Papa, spokesperson for Bathroom City, said the store's goal is to give Perth buyers a simple way to find bathroom products without confusion or long wait times.

*"People want a store where they can see everything in one visit. Our showroom helps customers compare vanities, basins, toilets, and tapware side by side. We focus on clear product information and reliable brands because customers want confidence when they renovate their bathroom."*

Max also notes that demand for high-quality bathroom vanities in Perth has increased as more homeowners invest in upgrades to improve resale value and comfort.

### **Designed to Support Renovators, Builders, and Homeowners**

Bathroom City helps customers select products that match their style, space, and budget. The store supports both small upgrades and full renovations, making it a preferred choice among Perth bathroom shops and bathroom stores Perth.

Easy parking, a central location, and an organised showroom layout help simplify the selection process. Staff guide customers through common questions such as:

- What vanity size suits my space?
- What tapware finish matches my design?
- What basin works best for daily use?
- Which toilet models offer water-saving features?

This service-focused approach positions Bathroom City as one of the most reliable Perth bathroom shops for homeowners and trade professionals.

### **Visit the Osborne Park Showroom**

Bathroom City invites Perth residents to explore its complete range of bathroom vanities, tapware, toilets, basins, mirrors, and cabinets in person.
