

## Bridgetown Home Buyers Expands Direct Home Purchase Program Across Portland Metro Area in 2026

**Portland, Oregon Feb 14, 2026 ([IssueWire.com](https://www.issuewire.com))** - Bridgetown Home Buyers Expands Direct Home Purchase Program Across Portland Metro Area in 2026

Bridgetown Home Buyers, a Portland-based real estate investment firm founded in 2012, announced the expansion of its direct home purchase program across the greater Portland metropolitan area in response to increased demand for alternative selling solutions.

According to recent regional housing data, segments of the Portland housing market in 2026 have shown fluctuating days on market across several zip codes, prompting some homeowners to consider alternatives beyond traditional real estate listings.

Bridgetown Home Buyers operates as a direct home purchase company and works alongside other Portland real estate investors to provide homeowners with an alternative selling path outside of the conventional listing process. The company reports an increase in inquiries from individuals managing financial pressures, relocation timelines, or complex property situations.

The expanded service area now includes additional neighborhoods throughout Multnomah, Clackamas,

and Washington counties. The firm is frequently identified among cash home buyers PDX residents contact when seeking a structured transaction without extended listing timelines.

Unlike traditional real estate sales that often involve listing agreements, showings, repair negotiations, and commission structures, Bridgetown Home Buyers purchases homes in as-is condition. Sellers exploring an as-is home sale in Portland are not required to complete repairs or prepare properties for the market. Written purchase offers are typically provided within 24 hours of property evaluation, and closing timelines are structured around the seller's schedule.

The company also reports increased inquiries from individuals managing an inherited house Portland property or seeking ways to avoid foreclosure in Portland situations before they escalate.

Founder Joshua Bryant stated that the company's expansion is intended to provide homeowners with greater flexibility when considering how to sell a property.

"Some homeowners prefer to list their property on the open market, while others are looking for a faster and more certain path forward," Bryant said. "Our model is designed for homeowners who need to sell their house fast in Portland properties due to timing, condition, or personal circumstances."

Since its founding in 2012, Bridgetown Home Buyers has completed transactions involving inherited homes, properties requiring substantial repairs, and other residential situations requiring flexible closing arrangements. Following the acquisition, the company manages cleanup and improvements before reintroducing properties to the local housing market.
