Louis Finley Day*

**Alton, Illinois Mar 1, 2026** ([Issuewire.com](http://Issuewire.com)) - Prepare your heart for a FREE screening of *Clerk: The Story of Louis Finley Day*, an award winning short film from the independent tv/movie network, cheapAFvideos!

*Clerk: The Story of Louis Finley Day* is a compelling documentary about Louis Finley, a grocery clerk in Alton, Illinois who received \$10,000 overnight from a GoFundMe after a devastating house fire on Christmas in 2018, and then later had a day named after him.

Through striking storytelling and personal reflection, *Clerk: The Story of Louis Finley Day* offers audiences a window into both hardship and hope. Director Tony Allen's approach captures not only the event but also the remarkable journey of healing, perseverance, and legacy that followed.

"This is for anyone who doesn't want to pay to see my movie," said Louis Finley, star of *Clerk: The Story of Louis Finley Day*. "I can't wait to watch it with the community that made it all possible. This is going to be something truly special".
