

## Good Home Inspection Named Among Best Home Inspection Companies in Dallas by Expertise.com

**Dallas, Texas Feb 16, 2026 ([IssueWire.com](http://IssueWire.com))** - This award is a repeat occurrence for the small, but established firm. Good Home Inspection is widely respected as a Dallas area home inspection service. They have maintained this designation through consistent delivery of quality service.

The “Best of” list by Expertise.com is a curated list of top local professionals in a city. Starting with a list of hundreds of home inspection companies in Dallas, they analyzed over 25 variables and selected just a handful.

Good Home Inspection is a small, family run business and has been in business since 1996. They have conducted thousands of house inspections over the years, and have accumulated a wide range of experience. They have inspected everything from historic homes from the 1800's to modern designs and new builds.

Good Home Inspection is unique in the home inspection business in that the owner, Bud Rozell, is the sole inspector. While many firms employ numerous inspectors, Bud is able to keep a high level of consistency and quality since he is the only inspector. This also enables him to deliver personalized service to each client.

In addition to his vast experience, Bud is highly credentialed, certified by the American Society of Home Inspectors (ASHI) as well as being licensed by the Texas Real Estate Commission (TREC). There are continuing education requirements that all home inspectors must meet, but Bud routinely exceeds these and is constantly learning new things about the trade.

“It’s an honor to be included on this list,” said Bud, owner of Good Home Inspection. “It’s also rewarding to be acknowledged by an independent third party regarding my performance as home inspector. I work hard every day to improve my skills so that home owners can buy a home with great confidence.”

Good Home Inspection serves the Greater Dallas region, including cities from Midlothian to Prosper and beyond. They will travel extended distances upon request.
