Healthy Gift launches Dubai's first wellness gift voucher platform, offering flexible, health-focused experiences for individuals and corporate clients.

Dubai, United Arab Emirates Feb 26, 2026 ([IssueWire.com](https://www.issuewire.com)) - *Healthy Gift*, a first-of-its-kind wellness gifting platform in Dubai, today announced the official launch of its service that enables individuals and businesses to give meaningful wellness gift vouchers redeemable at trusted clinics, spas, fitness studios and wellness centres across the city.

Healthy Gift's platform allows customers to purchase wellness gift vouchers valid for 12 months, enabling recipients to choose their preferred health, beauty or relaxation services at a time and place that suits them. Responding to growing demand for experiential, purposeful gifts, the service redefines traditional gift-giving by prioritizing personal wellbeing over material items.

The wellness gift certificates cover a diverse range of categories including preventive health check-ups, massage therapy, yoga sessions, spa treatments, sports programs and personalised wellness pathways. The recipient has full freedom to select services and schedule appointments, making these vouchers ideal for birthdays, anniversaries, corporate rewards or seasonal gifting.

The company also offers flexible voucher formats, including instant electronic delivery worldwide and premium gift envelopes delivered within the UAE.
