

# HobbyScool Announces 2026 Virtual Event Schedule for Creatives

A full year of online workshops, summits, and creative retreats for crafters and makers worldwide

## HobbyScool 2026 Virtual Event Schedule

**Alpharetta, Georgia Feb 4, 2026** ([Issuewire.com](https://www.issuewire.com)) - HobbyScool, an online creative education platform, has announced its full 2026 schedule of virtual creative events, featuring a year-long lineup of online workshops, summits, and creative retreats for crafters, makers, and creative enthusiasts.

The 2026 HobbyScool event calendar includes twelve themed virtual events focused on creativity, wellness, organization, sustainability, seasonal crafting, and hands-on skill building. Each event is designed to be accessible for a wide range of experience levels and allows participants to join from home.

“Our goal with the 2026 calendar was to create a rhythm of creativity people can actually plan around,” said Destini Copp, founder of HobbyScool. “These events are about more than crafts — they’re about making space for creativity in everyday life.”

Highlights from the 2026 schedule include a Creative Vision Retreat in January, a Creative Self-Care Summit in February, an Organized Living Summit in March, an Eco-Creative Summit in April, and seasonal events throughout the year focused on handmade art, family creativity, and holiday crafting.

The complete 2026 HobbyScool virtual event schedule, including dates and event descriptions, is available here:
