Founder's Day | December 11 www.inspheresolutions.com

Delhi, India Feb 19, 2026 (Issuewire.com) - Insphere Solutions Pvt. Ltd., a leading IT services and cloud transformation company, marked its 20th Founder's Day with a grand celebration on December 11th, bringing together its team of 100+ professionals to commemorate two decades of innovation and announce ambitious expansion plans.

Celebrating Milestones, Charting New Horizons

The evening celebration featured team performances, musical entertainment, awards recognizing outstanding contributors, and inspiring keynote addresses from the company's founders, who shared both remarkable achievements and bold strategic initiatives for the years ahead.

Key Achievements Announced

Operational Excellence: Insphere has achieved a 100% on-time delivery rate across all customer engagements, reinforcing its reputation for reliability in mission-critical government and enterprise projects.

Revenue Growth: The company is on track to achieve a strong revenue milestone in the current fiscal year, reflecting significant growth driven by its expanding cloud transformation and AI solutions portfolio.

Strategic Partnerships: Insphere has earned two new competencies as an AWS Advanced Consulting Partner and has been nominated by Google as a **Gemini Enterprise Globe Partner**, recognizing its expertise in deploying Google's advanced AI capabilities for enterprise clients.

Internal Transformation: The company has implemented robust systems including Service Request Management (SRM), Customer Relationship Management (CRM), and Human Resource Management System (HRMS) platforms, strengthening operational capabilities and customer service excellence.

Major Announcements for 2025-2026

1) Mumbai Office Expansion

Insphere is expanding its footprint with a new office in Mumbai in this financial year, strengthening our presence beyond Delhi and Melbourne to better serve clients across India's western region.

2) Focus on AI & Emerging Technologies

We are deepening our investments in Artificial Intelligence and Machine Learning, with a strong focus on building proprietary IP in AI-powered enterprise applications, driving innovation beyond traditional service delivery.

3) Strategic Focus: People, Process & Technology

Our 2025 roadmap is anchored around three core pillars—People, Process, and Technology ensuring sustainable growth, operational excellence, and continuous employee development.

4) Ambitious Revenue Target

The company has set a transformative growth target of approximately **150% year-on-year revenue growth** for the next fiscal year, driven by its "One Family, One Team" philosophy that emphasizes collaborative growth, shared ownership, and collective success.

5) Digital Transformation Milestone

We have successfully launched our redesigned corporate website, showcasing our expanded capabilities in cloud engineering, AI solutions, cybersecurity, and enterprise application development.

6) Quality Certification Initiative

The organization will pursue CMMI Level 3 certification, building on its existing ISO 27001, ISO 9001, and ISO 20000 certifications to further strengthen quality management and process maturity.

About Insphere Solutions

Insphere is a digital and product engineering partner that helps organizations drive large-scale digital transformation. We design and deliver enterprise-grade platforms, AI-enabled solutions, and cloud-native systems for ISVs, public sector institutions, and global enterprises. With Cloud, Data, and AI at the core of our capabilities, we build secure, scalable, and intelligent solutions that address real business challenges and create measurable, long-term value.

Founded in 2005, Insphere has grown alongside the digital landscape, evolving from a technology services firm into a trusted transformation partner. Backed by nearly two decades of experience, we combine deep domain expertise with modern cloud engineering, data, and AI to deliver resilient, future-ready systems. Guided by strong values, trusted partnerships, and a clear vision, we remain focused on empowering organizations to innovate, adapt, and grow with confidence.

Leadership Quote

Speaking at the Founder's Day celebration, Insphere's leadership emphasized: *"Twenty years ago, we started as a web development company. Today, we stand as trusted partners in India's digital transformation journey. As we enter our third decade, we're not just growing—we're evolving. From implementing AI-powered solutions to developing our own intellectual property, from achieving 100% delivery excellence to expanding our footprint, we're building the foundation for the next 20 years of innovation. This journey belongs to every member of the Insphere family, whose dedication and expertise make the impossible possible."*
