

## **Intelligent Diva Unveils AI-Powered Reality TV Concept and Visual EP "From You Do to I Do"**

The Jacksonville-based artist debuts the 5th project from the private Scoreflow GPT ecosystem, featuring the hybrid human-AI "Diva Underground Ensemble."

**Jacksonville, Florida Feb 8, 2026 ([IssueWire.com](https://www.IssueWire.com))** - **Intelligent Diva** announces the Valentine's Day premiere of *From You Do to I Do*. This visual EP serves as a **Proof of Concept (POC)** for a new reality television series centered on digital lavish weddings. The project marks the fifth major successful deployment of the private Scoreflow GPT production framework, engineered by system architect **Chincia Kenner**.

The project introduces the **Diva Underground Ensemble**, a groundbreaking hybrid vocal group. In this three-part release, Intelligent Diva performs the background vocal architecture—covering the **2nd Soprano, 1st Alto, 2nd Alto, and 1st Tenor** parts—integrated with a specialized AI ensemble of Mezzo-Sopranos, 1st Sopranos, 2nd Tenors, and Baritones. This specific vocal arrangement highlights the collective power of the ensemble and the scalability of Kenner's "vocal logic" within the Scoreflow system.

Reality TV Concept: The Era of Digital Luxury

The "I Do" segment of the EP debuts a scalable, AI-driven model for a global reality show. The concept features "Digital Lavish Weddings"—high-end, luxury ceremonies hosted in sophisticated digital environments. Through recorded consultations and virtual attendance, the model offers a "watch-from-anywhere" experience, presenting a futuristic alternative to the traditional wedding industry.

The 14-Day Production Cycle: Efficiency at Scale

Using the private Scoreflow GPT ecosystem, Chincia Kenner completed the full production cycle in just two weeks, serving as the songwriter, producer, and technical director for all AI roles.

The 14-Day Production Cycle: Efficiency at Scale

Using the private Scoreflow GPT ecosystem, Chincia Kenner completed the full production cycle in just two weeks. Below is a comparative breakdown of traditional market costs versus the Scoreflow private model:

- **Full Choir & Ensemble:**

- Traditional Market: \$16,000 – \$42,000
- **Scoreflow Model: \$0 (Internal Workflow)**

- **Studio & Engineering:**

- Traditional Market: \$9,000 – \$19,000
- **Scoreflow Model: \$0 (Home Studio / Studio Synch)**

- **Visuals & Set Design:**

- Traditional Market: \$9,000 – \$55,000
- **Scoreflow Model: \$1,500 (Direct Costs)**
- **Event / Wedding Styling:**
  - Traditional Market: \$24,000 – \$100,000+
  - **Scoreflow Model: \$0 (Digital Archiving)**

## PRODUCTION TOTALS:

- **Traditional Market Cost: \$58,000 – \$216,000+**
- **Intelligent Diva Outlay: \$1,500 (Total Direct Outlay)**

"With this fifth release, we are demonstrating that the Scoreflow architecture has moved beyond a tool and into a complete production house," says **Chincia Kenner, Architect of Scoreflow GPT**.

"Intelligent Diva provides the vocal discipline, while the system allows us to scale that talent into an ensemble and a luxury visual world with 100% IP ownership."

## Multi-Platform Distribution and New Music

The visual EP premieres February 14 on **YouTube, Vimeo, and the IDMTV channel on Roku**. Accompanying the visual release, the single **"Nobody Like You"** by Intelligent Diva will be available on all major streaming platforms.

## About Intelligent Diva

Based in Jacksonville, Florida, **Intelligent Diva** is a 3x Billboard charting artist and the recipient of the **Global Recognition Award for AI Storytelling**. Her music and visual projects are powered by the Scoreflow GPT ecosystem, founded by system architect **Chincia Kenner**. By combining Kenner's background as an award-winning choral leader with advanced AI infrastructure, the brand provides a blueprint for how independent creators can achieve enterprise-level scale while maintaining total creative control
