

# Jonathan A. Adler, MD, Continues a Legacy of Vision Innovation for Bradenton and Sarasota-Manatee Counties

Board-Certified Ophthalmologist and Founder of Adler Eye Institute Brings Over Three Decades of Advanced Eye Care to the Community

**Bradenton, Florida Feb 9, 2026 (IssueWire.com)** - Jonathan A. Adler, MD, a Board-Certified Ophthalmologist, has been a trusted leader in eye care for patients throughout Manatee and Sarasota counties since 1991. Renowned for his clinical expertise and pioneering spirit, Dr. Adler was the first ophthalmologist to perform LASIK in Manatee County and the first in the area to implant the new generation of multifocal intraocular lenses for cataract surgery, helping countless patients reduce or eliminate their dependence on glasses or contact lenses.

Since its founding in 1991, Adler Eye Institute has proudly delivered comprehensive, state-of-the-art surgical and non-surgical eye care to the Sarasota-Manatee community. Dr. Adler and his experienced team are known for combining advanced technology with a highly personalized approach, ensuring each patient's treatment plan is tailored to their vision goals, eye health, and lifestyle needs. This commitment to individualized care has earned the practice a reputation as a trusted resource for both routine and complex ocular conditions.

Patients turn to Adler Eye Institute for expert care in cataracts, glaucoma, macular degeneration, and a wide range of other eye health concerns. The practice's philosophy begins with a thorough consultation, followed by the use of advanced diagnostic technology to assess each patient's unique ocular characteristics. "We start with a consultation, then engage state-of-the-art technology to address any issues and develop a plan to ensure your eyes remain healthy," the practice notes. From routine eye exams to advanced clinical care, Adler Eye Institute remains dedicated to delivering the highest standard of ophthalmic care.

As a leading eye doctor in Bradenton, Dr. Adler emphasizes the importance of customizing treatment options to meet each patient's specific needs. Services offered by the practice include cataract surgery, LASIK, medical and surgical treatment for glaucoma, nutritional therapy for macular degeneration, eyelid surgery for entropion and ectropion, removal of pterygium and pinguecula, and access to a full-service optical boutique. Patients experiencing changes in vision or eye health are encouraged to schedule a consultation to explore the most appropriate treatment options.

Dr. Adler is professionally affiliated with several hospitals and surgical centers, including Manatee Memorial Hospital, Lakewood Ranch Medical Center, HCA Florida Blake Hospital, Premier Surgery Center of Sarasota, Gulf Coast Surgery Center, and outpatient surgery centers throughout Manatee and Sarasota counties. His involvement ensures continuity of care and access to high-quality surgical facilities for his patients.

Academically, Dr. Adler brings an impressive educational background to his practice. He earned his Bachelor of Science in Natural Science and Mathematics, Cum Laude, from Muhlenberg College in 1982, followed by a Master of Science in Physiology and Biophysics from Georgetown University in 1983. He received his Medical Degree from Georgetown University School of Medicine in 1987, completed his medical internship at the Medical College of Georgia in 1988, and finished his ophthalmology residency at Georgetown University Medical Center in 1991.

Board-certified by the American Board of Ophthalmology, Dr. Adler is also a member of the American Academy of Ophthalmology and the International Society of Refractive Surgeons. He further serves as a Board Member on the Manatee Memorial Hospital PHO Committee and the Manatee County Medical Society, reflecting his ongoing commitment to advancing eye care and supporting the local medical community.

Through innovation, experience, and patient-centered care, Dr. Jonathan A. Adler continues to set the standard for ophthalmology in the Sarasota-Manatee region.
