

## **Kevin Bernier, CPC, CFPC, Recognized By America's Best In Medicine As A Passionate Advocate For Healthcare Excellence**

Healthcare Professional and Medical Coding Specialist Supporting Efficient and Compliant Patient Care Across Multiple Clinical Settings

**Charlotte, North Carolina Feb 10, 2026 ([Issuewire.com](https://www.Issuewire.com))** - Advocate Health Hospital proudly highlights Kevin Bernier, CPC, CFPC, COC, as an exemplary Professional Coder I in Primary Care.

With a profound commitment to enhancing healthcare operations, Kevin brings a wealth of knowledge in medical coding across various specialties, including family practice, urgent care, internal medicine, and pediatrics. His expertise encompasses outpatient and inpatient coding, procedure coding, and strict adherence to compliance guidelines, ensuring the highest standards are met in healthcare delivery.

Kevin has recently achieved significant professional milestones by earning certifications as a Certified Family Practice Coder (CFPC) and Certified Outpatient Coder (COC) through the American Academy of Professional Coders (AAPC). These certifications underscore his dedication to continuous professional development and his commitment to staying abreast of the evolving healthcare landscape.

“What I enjoy most about practicing medicine is learning about how the human body reacts to different patients,” Kevin explains. “Every day, I encounter various patients’ medical records with unique challenges. The medical teams utilize innovative methods to address these issues or manage conditions. As a medical coder, I play a crucial role in ensuring that the correct diagnosis, procedure, and evaluation are applied accurately during each patient visit. This opportunity to learn and contribute indirectly to patient care brings me immense satisfaction each day.”

Before embarking on his healthcare career, Kevin served as a Culinary Specialist in the U.S. Coast Guard, where he developed invaluable leadership skills, trained personnel, and managed operations in high-pressure environments. His military experience ignited a passion for process improvement and a commitment to customer satisfaction, leading him to transition into healthcare information systems. Here, he combines his technical expertise with operational insight to streamline workflows and facilitate superior care delivery.

Throughout his career, Kevin has cultivated a unique blend of technical, managerial, and leadership skills. His diverse experiences span medical coding, quality control at Walmart Distribution Center, health information management supervision at UNC Health, and volunteering for Coast Guard leadership events. Recognized for his meticulous attention to detail and his ability to mentor colleagues, Kevin is dedicated to advancing both organizational objectives and individual growth within his teams.

Through his work at Advocate Health, Kevin Bernier plays an ongoing role in supporting effective, patient-focused care.
