Below this, the original text snippet is displayed, followed by a small line of text: "KnowVisory Global's 2025-2026 Quick Tax Reference Guide has been created to bring all essential tax".

**Wylie, Texas Feb 19, 2026 (IssueWire.com) - KnowVisory Global**, a leading provider of accounting, bookkeeping, and tax advisory services, has launched a new [Quick Tax Reference Guide](#) – a practical resource designed to help small and mid-sized businesses navigate the tax season with clarity and confidence.

The 2025–26 tax season is being referred to as a “Tax Reset” year. With the sunset of several provisions under the [Tax Cuts and Jobs Act \(TCJA\)](#) and the introduction of new measures under the [One Big Beautiful Bill \(OB BB\)](#), multiple tax rules have either changed or expired. These developments are going to significantly impact business tax liabilities this tax season.

To address this shift, KnowVisory Global’s 2025–2026 Quick Tax Reference Guide consolidates all essential tax numbers and deadlines into one easy-to-access resource. From income tax brackets, standard mileage rates, and retirement contribution limits to Medicare premiums, estate planning thresholds, and key compliance dates, the guide has it all.

“Most business owners don’t have time for long tax articles — they just want clear numbers and reliable information they can actually use,” said Sanjeev Kumar, CEO, KnowVisory Global. “Our guide is a practical and easy to use resource that provides timelines, rates, limits, deductions, and compliance requirements all at one place - allowing people to quickly find what they’re looking for without getting

overwhelmed.”

Whether you are a business owner preparing corporate filings, a high-net-worth individual planning personal taxes, or an accounting professional looking for a reliable quick reference, this easy-to-use guide offers a clear picture of what lies ahead in the 2025–2026 tax landscape.

The guide is part of KnowVisory’s ongoing effort to support U.S. businesses with accessible financial resources and promote smarter, more [proactive tax planning](#). Think of it as a **roadmap for 2025–2026 taxes** — one that saves time, reduces the risk of costly errors, and ensures strategic tax planning.

The resource is now available for business owners, founders, and finance professionals looking for a clear and reliable overview of the 2025–26 U.S. tax landscape.
