

## Opticrawl Launches Specialized Auto Glass SEO Service to Help Shops Dominate Local Search

Industry veteran Raihan Habib brings 9 years of niche expertise to a new dedicated service

**Dallas, Texas Feb 28, 2026** ([Issuewire.com](https://www.issuewire.com)) - Opticrawl, a digital marketing agency known for results-driven SEO, today announced the launch of its dedicated [Auto Glass SEO service](#) — a specialized offering built exclusively for auto glass repair and replacement businesses looking to grow their online visibility and capture more local customers.

Leading the service is Raihan Habib, who brings nearly a decade of hands-on experience in auto glass SEO. With 9 years working specifically within the auto glass industry, Habib has developed a deep understanding of the competitive landscape, customer search behavior, and the local ranking factors that matter most for auto glass shops.

"Auto glass is a unique niche," said Habib. "Shop owners are great at what they do, but most are leaving customers on the table simply because they can't be found online. That's exactly the gap we're here to close."

Opticrawl's Auto Glass SEO service For Windshield Replacement company covers local search optimization, Google Business Profile management, competitor analysis, and content strategies tailored specifically to the auto glass market. The service is designed for independent auto glass shops, regional chains, and windshield repair specialists who want to outrank competitors and generate consistent inbound leads from search.

Auto glass businesses interested in growing their online presence are encouraged to visit or reach out

directly to the Opticrawl team.
