

Pankaj Maurya Emerges as the Best SEO Freelancer in Delhi, Delivering AI-Ready Strategies for Local Businesses

Pankaj Maurya is Delhi's leading freelance SEO consultant, certified in Google Analytics and Search Console. With 100+ successful projects, he prioritizes white-hat, revenue-focused SEO for long-term dominance.

Delhi, India Feb 19, 2026 ([Issuewire.com](https://www.issuewire.com)) - Pankaj Maurya is Delhi's top SEO freelancer. He has 7+ years of experience helping over 100 local businesses rank better on Google. He uses data and Google-approved methods for long-term results. Clients love his clear communication and how he grows their traffic by 200-300% in just 6 months.

In a competitive Delhi market flooded with generic agencies, Pankaj Maurya stands out the best [SEO freelancer in Delhi](#) for his hands-on, ROI-focused approach. "Delhi businesses need agile SEO that adapts to local trends and AI search shifts," says Maurya. "I deliver customized strategies—technical audits, Local SEO for 'near me' queries, and semantic content clusters—that rank #1 sustainably."

Key Highlights of Pankaj Maurya's SEO Expertise

- **Full-Spectrum Services:** On-page optimization, high-DA link building, technical fixes, and e-commerce SEO tailored for footwear, electronics, and startups.

- **Local SEO Mastery:** Google Business Profile optimization, citations, and 3-pack rankings for Delhi NCR "near me" searches.
- **AI SEO Innovation:** Semantic clustering, entity-based FAQs, and schema for visibility in Google AI Overview and SGE results.

Proven Process and Results

Pankaj follows a data-driven workflow: competitor analysis, keyword roadmaps, on-page implementation, and monthly KPI reporting via Google Analytics. Clients report top rankings in 3-6 months, with no black-hat risks. Industries served include local services, education, healthcare, real estate, and D2C brands.

- **Basic:** ₹15,000/month (audit + on-page).
- **Local SEO:** ₹20,000/month (GBP + citations).
- **Advanced AI SEO:** ₹30,000/month (full optimization).
Custom plans available for enterprises.

AI-Ready SEO & Google AI Overview Optimization

Pankaj Maurya optimizes for AI search like Google AI Overview using semantic clusters and entity-based content. His strategies target zero-click features with structured FAQs and schema markup. This keeps Delhi clients visible in SGE and LLM results amid rising AI adoption.

Industries Pankaj Maurya Has Worked With

Pankaj serves Delhi's local services, e-commerce (footwear, electronics), education, and startups. He tailors SEO for NCR-specific challenges like "near me" queries. Success stories include 3x traffic growth for footwear brands.

Proven SEO Process Followed by Pankaj Maurya

Start with competitor analysis and keyword research, then implement technical/on-page fixes. Pankaj builds quality links and monitors via Google Analytics. Monthly reports track KPIs like rankings and leads.

Local SEO: Rank in Delhi & "Near Me" Searches

Pankaj optimizes Google Business Profiles, builds citations, and creates location pages. Delhi clients see top 3-pack rankings for queries like "SEO services near me." This drives foot traffic and calls.
