TEN LOVING WAYS OF YAHUAH

DEITRIA SMITH-SNEAD

"We show our love for YAHUAH."

Parsippany-Troy Hills, New Jersey Feb 13, 2026 (IssueWire.com) - Dr. Deitria Smith-Snead, Ph.D., proudly announces the release of ***Ten Loving Ways of YAHUAH***, a beautifully crafted faith-based children's book that introduces the Ten Commandments through the language of love, kindness, and cultural identity. Created for early readers, the book offers families a meaningful way to teach biblical principles while affirming spiritual heritage and representation.

Drawing from more than 30 years of experience in education and her role as a mother, Dr. Smith-Snead reimagines the commandments as "Loving Ways" and "good choices." This gentle approach transforms traditional instruction into affirming lessons that help children understand righteousness as a joyful and peaceful way of life.

Rather than focusing on rules alone, the book emphasizes relationship—showing children that obedience flows naturally from love for the Creator and care for others.

What's Inside

Ten Loving Ways of YAHUAH delivers a rich, multi-sensory learning experience that connects ancient biblical truth with modern childhood education:

- **The Ten Loving Ways**

Child-friendly interpretations, such as "Love YAHUAH First" and "Honor Your Parents," make spiritual concepts easy to understand and apply.

- **Linguistic Roots**

Each lesson is presented in English, Modern Hebrew, and Paleo-Hebrew script, introducing children to sacred language in an engaging way.

- **Vocabulary Guide**

A dedicated glossary explaining key terms such as *Yahuah* (The Creator), *Yahushua* (His Son), and *Ruach HaKodesh* (Holy Spirit).

- **Daily Affirmations**

First-person declarations that reinforce gratitude, honesty, kindness, and responsibility, such as: "I am thankful for what I have," and "I will always tell the truth."

- **Inclusive Illustrations**

Warm, vibrant imagery portrays a loving family that reflects diversity within the faith community and fosters positive self-identity.

Walking in Righteousness

Ten Loving Ways of YAHUAH teaches that obedience is an expression of love. It explains that Yahuah provides the Loving Ways, Yahushua shows us how to walk in them, and the Ruach HaKodesh strengthens our hearts to live with both courage and compassion each day.

This balanced spiritual framework empowers children to grow in confidence, character, and faith.

Designed for Home and Classroom Use

The book's clear structure and repetition make it ideal for:

- Family devotionals, homeschooling, and home learning
- Pre-K and kindergarten religious education
- Building early literacy, moral character, and spiritual identity
- Children ages 3–7

Why It Matters

In a world where moral instruction can feel rigid or overwhelming, Dr. Smith-Snead offers “principled warmth.” Her approach restores the commandments to their original purpose: guiding hearts, strengthening families, and nurturing love for the Creator and one another.

By centering the story on a supportive family and positive reinforcement, the book helps children associate righteousness with joy, safety, and belonging.

About the Book

Ten Loving Ways of YAHUAH is a comprehensive spiritual and educational resource that transforms the Ten Commandments into an interactive, child-centered experience. Through simple language, ancient scripts, affirmations, and visual storytelling, it supports character development and moral readiness in a way children can embrace and remember.

About the Author

Dr. Deitria Smith-Snead, Ph.D., is a veteran educator, devoted mother, and author committed to creating faith-based resources that uplift identity, representation, and righteous living. With more than three decades in education, she combines academic excellence with spiritual passion to guide the next generation toward truth, kindness, and love for the Creator.
