

The Legacy Begins Launches a Powerful Medieval Historical Fiction Series

Beverly Hills, California Feb 9, 2026 ([Issuewire.com](https://www.issuewire.com)) - The Legacy Begins (The Wooster Family Legacy series Book 1) by E C Pando is a historical fiction novel set in 10th-century England, focusing on honor, loyalty, and the rise of a noble family during a time of invasion and unrest. The book was published on Amazon on November 21, 2025, marking the beginning of an epic family saga.

About the book:

Set amid the political turmoil of medieval England, the novel follows Wulfric Beaumont, a courageous and loyal knight who rises through the ranks by proving his devotion to the crown. As Norman invaders threaten the realm, Wulfric is rewarded with land and prestige for his bravery and service. However, success brings new dangers, including rivalry with a jealous prince and constant threats to his growing estate. With the steady support of his honorable wife, Wulfric defends his lands, protects the king's honor, and leads with integrity. As his influence expands, the story moves beyond one man's journey to reveal the birth of a powerful lineage. His son, Wulfnop, rises as the first of the De Wusters, a name destined to leave a lasting mark on history. The novel blends action, strategy, and emotional depth to create a compelling foundation for a lasting family legacy.
