

# Xpand Olympiad and Spirit of Math Partner to Bring the Spirit of Math Contest to Cameroon

**North York, Ontario Feb 18, 2026** ([IssueWire.com](https://www.IssueWire.com)) - [Xpand Olympiad](#) and [Spirit of Math](#) are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to Cameroon for the 2025-26 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give Cameroonian students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we are dedicated to revolutionizing education for students everywhere," said Kim Langen. "We are excited to support Xpand Olympiad in their mission to cultivate young talent and help students realize their greatest potential."

## About Xpand Olympiad

Xpand Olympiad is dedicated to nurturing African talent and elevating the continent's intellectual heritage and technological capacity. Their mission is to empower young people to realize that greatness is achievable through knowledge and science, by encouraging and supporting their participation in international competitions. Through this journey, they aim to create strong role models who inspire a growing movement of young Africans committed to building and transforming the continent. By promoting excellence locally, across Africa, and on the global stage, Xpand Olympiad actively challenges stereotypes and reshapes perceptions of African excellence worldwide.

This collaboration reflects a shared commitment to fostering global engagement through academic excellence. By connecting Cameroonian students with international platforms, Xpand Olympiad helps cultivate curiosity, confidence, and a lifelong love for learning. Together, we aim to empower the next generation of mathematical thinkers and expand access to enriching educational experiences worldwide.

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get the personal satisfaction (and motivational boost) of tackling and conquering some of the hardest questions.

## About Spirit of Math

For over 30 years, Spirit of Math has been an innovative leader in education for high-performing students, with more than 30 campuses across the globe. From in-person and online classes, camps and workshops to an expanding series of workbooks and training for educators, Spirit of Math is changing the equation for inquisitive minds around the world. Spirit of Math's four elements – Core Curriculum, Drills, Problem Solving and Collaborative Group Work – form the foundation of all its programs. These building blocks are the basis of a multi-layered experience that creates well-rounded students with an

intensive toolkit of skills, logical problem-solving and higher-level collaborative capabilities.
