

# Zigong KaWah: A Premier Global Simulated Dinosaurs Manufacturer and Animatronics Expert

Chengdu, Sichuan Feb 27, 2026 ([IssueWire.com](https://www.issuewire.com)) - I. Company Overview: Leading the Way in Animatronic Excellence

**Zigong KaWah Handicrafts Manufacturing Co., Ltd.** is a professional **simulation models factory** dedicated to the design and production of high-fidelity animatronic models. Our expertise lies in providing comprehensive product solutions for a wide range of projects, including dinosaur parks, Jurassic theme parks, forest parks, museums, amusement parks, and large-scale commercial exhibitions.

Founded in 2011 and situated in Zigong, Sichuan—China's legendary "Dinosaur City"—our facility spans approximately 13,000 square meters. Operating under our independent brand, **[Kawah Dinosaur]**, we have established ourselves as a top-tier **simulated dinosaurs manufacturer**. Our core product line includes animatronic dinosaurs, realistic animals, interactive amusement equipment, dinosaur costumes, fiberglass sculptures, simulated fossil skeletons, and customized Zigong lanterns. With over a decade of industry accumulation, we continuously refine our processes in mechanical transmission, electronic control systems, structural safety, and aesthetic design, creating a stable and mature production system capable of meeting diverse global requirements.

## II. Global Footprint and Proven Project Experience

As a world-class **simulated dinosaurs factory**, Zigong KaWah has provided products and services to over 500 clients globally. We have successfully participated in the construction of more than 100 major

projects, ranging from:

Dinosaur Parks and Jurassic-themed attractions.

Comprehensive theme parks and water parks.

Zoos, luxury hotels, and themed restaurants.

Global commercial exhibitions and festive events.

Our products have reached over 60 countries and regions, including the USA, UK, France, Spain, Russia, UAE, Brazil, South Korea, and South Africa. With independent export rights and a complete production line, we offer a "one-stop" service model encompassing design, production, logistics, on-site installation guidance, and dedicated after-sales maintenance.

### III. Advanced Production Capabilities and Team Expertise

The strength of our **simulation models factory** is driven by our team of over 60 professionals, including skilled sculptors, mechanical engineers, electrical engineers, designers, and quality control specialists.

**Annual Capacity:** We produce over 300 custom models per year.

**Certifications:** Our products are fully ISO9001 and CE certified, ensuring compliance with international safety and quality standards.

**Durability:** Every model is designed for long-term use in both indoor and outdoor environments.

### IV. Rigorous Quality Control System

To maintain our reputation as a reliable **simulated dinosaurs manufacturer**, Zigong KaWah has established a stringent quality inspection workflow. This ensures that every piece of equipment is safe, stable, and visually stunning before it reaches the client:

**Steel Frame Inspection:** Verifying structural integrity and safety.

**Motion Amplitude Testing:** Ensuring all movements meet design standards.

**Motor and Transmission Check:** Guaranteeing smooth operation of all mechanical components.

**Aesthetic Detail Review:** Assessing shape similarity, surface texture, and color accuracy.

**Dimensions Verification:** Ensuring the product perfectly matches client blueprints.

**Factory Aging Test:** Conducting long-duration operational tests to verify long-term stability.

### V. Strategic Support for Dinosaur Park Development

As an experienced **dinosaur parks manufacturer**, we offer more than just hardware. We provide strategic design and planning services to maximize the ROI for our partners:

**Site Planning:** Climate analysis, traffic flow, and budget optimization.

**Exhibition Layout:** Organizing displays by era or species for educational value.

**Interactive Design:** Integrating rides, performances, and immersive experiences.

**Landscape Integration:** Designing artificial plants, volcanoes, and specialized lighting.

## VI. Comprehensive Core Product Ecosystem

Our diverse product range allows us to serve as a versatile supplier for various industries:

**Animatronic Dinosaurs:** Utilizing steel structures, motor drives, and high-density foam, these models feature roaring sounds and multi-joint movements. They are waterproof and UV-resistant.

**Simulated Animals:** As a leading **simulated animals manufacturer**, we replicate prehistoric beasts, modern wildlife, and marine life with customizable postures and sounds.

**Park Interaction Equipment:** This includes "walking" dinosaurs, talking trees, simulated volcanoes, and interactive dinosaur bands.

**Dinosaur Costumes:** Our **dinosaur costumes factory** produces lightweight (18kg) mechanical suits with built-in cameras, perfect for live performances.

**Museum-Grade Fossils:** We are a trusted **simulated fossil skeletons supplier**, providing replicas based on authentic paleontological records.

**Fiberglass Art:** As a professional **fiberglass sculptures supplier**, we offer custom sculptures for commercial landscapes and theme decorations.

**Cultural Heritage:** Our **Zigong lantern factory** blends traditional craftsmanship with modern LED technology for spectacular light festivals and city beautification.

## VII. Why Zigong KaWah is Your Ideal Partner

Clients choose Zigong KaWah because we combine the expertise of a **simulated dinosaurs manufacturer** with factory-direct benefits:

**Professional Customization:** 15 years of experience in developing functional models that meet specific national standards.

**Factory-Direct Pricing:** Transparent and cost-effective solutions by eliminating middlemen.

**Reliability:** Systems tested for high-frequency use in harsh outdoor environments.

**Global Support:** Remote technical assistance, installation guidance, and a steady supply of spare parts.

## VIII. Market Expansion and 2025 Outlook

In 2025, Zigong KaWah continued to strengthen its international presence by participating in major industry events, such as the **137th Canton Fair** and the **IAAPA Expo Europe** in Barcelona. We showcased our latest animatronic pandas, interactive rides, and intricate designs from our **Zigong lantern factory**, attracting significant interest from European, American, and Middle Eastern developers.

### **Conclusion: Reviving the Past, Building the Future**

With over a decade of focus on the animatronics industry, **Zigong KaWah Handicrafts Manufacturing Co., Ltd.** has mastered the art of creating lifelike experiences. Whether you require a single model from a **simulated dinosaurs factory** or a complete turnkey solution from a **dinosaur parks manufacturer**, we possess the technical prowess and project experience to deliver. We remain committed to quality, safety, and innovation, serving as a trusted partner for immersive projects worldwide.
