Dubai, United Arab Emirates Mar 3, 2026 ([Issuewire.com](https://www.issuewire.com)) - [Al Rabiya Auto Accessories](#), one of the UAE's leading suppliers of professional automotive protection products, today announced the official launch of Vunyx® Windshield Protection Films, developed by global automotive protection innovator Onyx Coating. Designed for the region's demanding driving and climate conditions, Vunyx® introduces

a new generation of TPU-based windshield protection engineered for optical clarity, impact resistance, and long-term resilience.

As the exclusive distributor of Onyx Coating in the UAE, Al Rabiya now brings this cutting-edge technology to installers, detailing centers, and automotive businesses across the country, further strengthening its premium product portfolio and reinforcing its leadership position in the market.

Setting a new benchmark for windshield protection in the UAE

[Vunyx® Windshield Protection Films](#) blend impact-absorbing TPU construction, hydrophobic performance, and a self-healing surface layer to help protect windshields from chips, scratches, UV exposure, and weather-related wear, all while preserving distortion-free optical clarity.

“The launch of Vunyx® Windshield Protection Film reinforces our commitment to bringing the highest-quality automotive protection technologies to the UAE,” said Ahmed Allaf, Sales Manager at Al-Rabiya Auto Accessories. “This film is a valuable addition for installers who want to offer premium windshield protection that enhances safety, reduces repair costs, and supports the high standards expected by UAE drivers.”

On UAE roads, windshields frequently face damage from gravel, high-speed debris, and harsh temperatures. Vunyx® Windshield Protection Films are engineered to address these challenges through:

- **Impact-absorbing TPU layer** helps reduce chips and minor cracks
- **97% UV rejection** protects interior surfaces
- **93% visible light transmission** ensures natural, clear visibility
- **Hydrophobic performance** improves visibility in rain and snow
- **Self-healing surface layer** minimizes light marks and scratches
- **Flexible TPU material** for easier, more precise installation
- **Cost-saving preventative protection** extending windshield lifespan

Built with a durable 6-mil TPU layer and backed by a one-year manufacturer's warranty, Vunyx® is optimized for the UAE's challenging road and climate conditions.

A competitive edge for UAE installers and businesses

The launch of Vunyx® Windshield Protection Film enhances Al-Rabiya's already diverse lineup of professional-grade [automotive protection products](#). Beyond expanding its product range, Al-Rabiya offers advantages that set it apart from competitors in the region.

Free Samples for installers

To support installers and ensure confidence in product performance, Al-Rabiya provides free samples of select products, including Vunyx® Films, so customers can test quality firsthand before committing to larger purchases.

Competitive wholesale pricing

Al-Rabiya offers competitive wholesale pricing and bulk purchasing options, enabling car care installers and detailing businesses to maximize margins while delivering premium-quality protection solutions to

their clients.

“We understand the demands of the UAE automotive market,” said Ahmed Allaf, Sales Manager at Al-Rabiya Auto Accessories. “By offering [free car care product samples](#), competitive pricing, and world-class products like Vunyx® Films from Onyx Coating, we ensure our partners have everything they need to grow their business and stay ahead of the competition.”
