

## America's Best In Medicine Highlights Brian Bassiri-Tehrani, MD, Elevating Patient-Centered Plastic Surgery Excellence

New York City Plastic Surgeon Combines Advanced Training, Innovation, and Personalized Care to Enhance Natural Beauty and Confidence

**New York City, New York Mar 31, 2026 ([IssueWire.com](https://www.IssueWire.com))** - Brian Bassiri-Tehrani, MD, is a double board-certified plastic surgeon recognized for his expertise in aesthetic, facial, and reconstructive surgery. Based in private practice in New York City, Dr. Bassiri-Tehrani is dedicated to delivering

patient-centered care that enhances natural beauty, restores confidence, and prioritizes safety with long-lasting, refined results. His comprehensive clinical background spans cosmetic procedures, breast and body contouring, and complex reconstructive surgeries, allowing him to approach each case with both precision and a holistic perspective.

Dr. Bassiri-Tehrani is known for his individualized approach to care, taking the time to understand each patient's unique goals and expectations. He believes plastic surgery should be both transformative and natural, enhancing a patient's features while preserving their individuality. By emphasizing open communication and trust, he creates personalized treatment plans designed to achieve balanced, aesthetically pleasing outcomes that align with each patient's vision. He is particularly recognized for delivering natural-looking results that help patients feel empowered and confident in their appearance.

A native New Yorker, Dr. Bassiri-Tehrani began his academic journey at The Sophie Davis School of Biomedical Education at The City College of New York, where he earned his Bachelor of Science Degree. He went on to receive his Medical Degree from the Renaissance School of Medicine at Stony Brook University. His advanced surgical training includes a residency in General Surgery at Lenox Hill Hospital, part of Northwell Health, followed by a residency in Plastic and Reconstructive Surgery at the University of Illinois at Chicago. He further refined his expertise through an Aesthetic Plastic Surgery Fellowship at Emory Aesthetic Center/MetroDerm. He is board-certified by both the American Board of Surgery and the American Board of Plastic Surgery, reflecting his extensive training and commitment to the highest standards of care.

In addition to his clinical practice, Dr. Bassiri-Tehrani is an accomplished researcher and international speaker. He has authored numerous publications on topics such as aesthetic surgery, facial reconstruction, and patient-centered care. He is frequently invited to present at leading global conferences, including IMCAS and ISAPS, where he shares insights on surgical innovation and best practices. His contributions to the field also extend to his role as a peer reviewer and Artificial Intelligence Section Editor for the *Aesthetic Surgery Journal*, where he helps shape the future of plastic surgery through advancements in technology and education.

Outside of his professional work, Dr. Bassiri-Tehrani enjoys sports, travel, and lifelong learning—interests that reflect his dynamic and well-rounded approach to life and medicine. He attributes his success to hard work, persistence, and a genuine passion for helping patients achieve their goals.

Through his dedication, skill, and patient-first philosophy, Dr. Bassiri-Tehrani continues to set a high standard in plastic surgery, empowering patients to look and feel their best with confidence and authenticity.
