

## America's Best In Medicine Profiles Dr. Jacob Paul Jensen, DO: Leading Trauma And Surgical Critical Care In Orlando

Dedicated to Evidence-Based Medicine and Compassionate Patient Care

the contributions of Dr. Jacob Paul Jensen, DO, a distinguished General and Trauma Surgeon with specialized expertise in Surgical Critical Care. Dr. Jensen has been an integral part of our medical team, providing exceptional care and advancing trauma management protocols within our facilities.

Dr. Jensen, who earned his Doctor of Osteopathic Medicine degree from Pacific Northwest University of Health Sciences, has established himself as a leader in trauma and general surgery. His surgical residency was completed at HCA Florida Healthcare, followed by a prestigious fellowship in Surgical Critical Care at Orlando Health. These educational experiences have equipped Dr. Jensen with the skills necessary to manage complex surgical cases and provide critical care to patients in need.

At HCA Florida Memorial Hospital, Dr. Jensen focuses on high-acuity cases, including traumatic injuries, surgical emergencies, and intensive care management. His proficiency in minimally invasive surgery, ECMO, and advanced trauma protocols exemplifies his commitment to delivering the highest standard of care. Dr. Jensen's practice is characterized by a patient-centered approach, ensuring that each individual receives tailored treatment that addresses their unique needs and circumstances.

In addition to his clinical responsibilities, Dr. Jensen is dedicated to advancing medical knowledge through research. His work has addressed critical areas such as traumatic brain injury management, nutritional assessments in geriatric trauma patients, and the management of rare envenomation cases. This research not only enhances his clinical practice but also contributes valuable insights to the broader medical community.

Dr. Jensen is an active participant in professional development and has published numerous articles in medical journals, further solidifying his role as a thought leader in the field of trauma and surgical critical care. He is fluent in English and proficient in Korean, allowing him to effectively communicate with a diverse patient population.
