

## America's Best In Medicine Recognizes Pierpaolo Mangieri For Transformational Leadership In Critical Care Excellence

Registered Respiratory Therapist and ECMO Expert Elevating Patient Outcomes in Vero Beach, Florida

**Vero Beach, Florida Mar 6, 2026 ([Issuewire.com](https://www.issuewire.com))** - Pierpaolo Mangieri, RRT, NPS, ACCS, is a distinguished Respiratory Therapist and ECMO Specialist with more than 25 years of experience in critical care medicine. Currently practicing with SpecialtyCare, he is widely recognized for his advanced expertise in extracorporeal membrane oxygenation (ECMO), neonatal and pediatric respiratory therapy,

and adult critical care, consistently delivering life-saving interventions and elevating standards of patient care.

Pier began his career in respiratory care in the mid-1990s after earning his Associate of Science from Indian River State College. He spent over two decades at Indian River Medical Center, where he became the first respiratory therapist on the Treasure Coast to earn the Adult Critical Care Specialty (ACCS) certification from the National Board for Respiratory Care. This milestone underscores his pioneering role in advancing regional respiratory therapy standards and his lifelong commitment to clinical excellence.

Throughout his career, Pier has been instrumental in training clinical staff, developing advanced respiratory protocols, and providing life-saving cardiovascular and pulmonary support to critically ill patients. His work at SpecialtyCare allows him to expand this impact nationally, collaborating with ECMO teams to optimize complex critical care cases and advance best practices in respiratory medicine.

Driven by a passion for education, innovation, and evidence-based care, Pier actively engages with leading medical literature, including the New England Journal of Medicine, AmSECT, and ASAIO journals. His decades-long dedication to patient care, mentorship, and clinical leadership has earned him the respect of colleagues and patients alike, solidifying his reputation as a trusted expert in critical care and respiratory therapy.
