

## America's Best in Medicine Recognizes Scott Husted for Excellence in Non-Surgical Pain Management in Kansas

Flint Hills Pain Management PA Specialist Advances Patient-Centered Solutions to Restore Comfort and Function

**Manhattan, Kansas Mar 18, 2026 ([IssueWire.com](https://www.IssueWire.com))** - Scott Husted, MSN, CRNA, NSPM-C, stands as a distinguished leader in modern pain medicine, blending decades of clinical precision with a steadfast commitment to compassionate, patient-centered care. Practicing at Flint Hills Pain Management PA in Manhattan, Kansas, Scott specializes in non-surgical pain management, helping patients reclaim comfort, mobility, and quality of life—often after years of unrelieved chronic pain.

A Certified Registered Nurse Anesthetist, Scott has devoted his career to advancing innovative, minimally invasive approaches that reduce reliance on long-term medications and help patients avoid surgery whenever possible. His expertise includes complex spine and joint injections, targeted

interventional therapies, and integrative strategies designed to restore function while minimizing risk. Since shifting his focus exclusively to non-surgical pain management in 2019, he routinely performs between 14 and 20 advanced procedures per day, delivering precise, evidence-based treatments tailored to each patient's needs.

Scott began his nursing career in 1982 and has served for more than 35 years as a nurse anesthetist, building a strong clinical foundation grounded in safety, technical mastery, and attentive care. He began performing epidural steroid injections in 1986, steadily expanding his scope to include comprehensive pain management services for active-duty military personnel and patients within the Veterans Affairs system. His long-standing experience allows him to approach complex pain conditions with confidence and clarity, while never losing sight of the human experience behind each diagnosis.

Many of Scott's patients experience significant improvement under his care, often reporting reductions in pain and meaningful gains in daily function. He strives to help each person achieve 60–80% improvement. His philosophy centers on attentive listening, developing individualized treatment plans, and empowering patients to regain control of their lives.

Academically, Scott earned his Bachelor's Degree from the University of Kansas and a Master of Science in Nursing from Rush University. He later completed a Fellowship in Non-Surgical Pain Management at Texas Christian University, further refining his expertise in advanced interventional techniques.

Beyond clinical practice, Scott has remained active in professional leadership and mentorship through the American Association of Nurse Anesthetists. He has contributed to fellowship education at Texas Christian University and has mentored aspiring clinicians, helping shape the next generation of nurse anesthetists.

As he approaches retirement, Scott looks forward to traveling, spending time with family, and reconnecting with his grandchildren and children. With more than four decades of service, Scott Husted leaves an enduring legacy defined by technical excellence, empathy, and a deep commitment to improving the lives of those living with chronic pain.
