Baja California Sur, Mexico Mar 26, 2026 (Issuewire.com) - Costa Mar Villas included Casa Celeste in Cabo at <https://costamarvillas.com/product/casa-celeste/> in its updated property listings. The ocean-view villa joins destination vacation villas serving growing demand for Los Cabos accommodations during peak travel season.

Baja California Sur recorded a 14 percent increase in international visitors during the first quarter of 2026 compared to 2025, according to Mexico Tourism Board statistics. Costa Mar Villas positions Casa Celeste in Cabo San Lucas and the Casa Celeste villa in Los Cabos to accommodate families and small groups seeking properties with beach proximity and on-site services.

The villa offers multiple bedrooms featuring ocean views, a private pool, a garden area, air conditioning, a complete kitchen, living spaces, parking, and wireless internet. Standard amenities include bed linens, towels, a coffee maker, a patio or balcony, a family-friendly arrangement, a DVD player, satellite television, an ironing board, a jacuzzi or hot tub, barbecue facilities, and safety equipment. Daily housekeeping accompanies all bookings.

Casa Celeste in Cabo San Lucas separates sleeping areas from common rooms, supporting varied group schedules. Available coordination covers grocery stocking, private chef services, arrival transportation, and activity planning. The Palmilla-area location provides access to beaches, golf courses, and dining matching other portfolio properties.

"Casa Celeste in Los Cabos responds to requests for mid-sized vacation villas combining ocean access with practical group accommodations," stated a Costa Mar Villas representative. "Guests value properties enabling both relaxation periods and local exploration."

This listing continues Costa Mar Villas' expansion that recently incorporated Punta Mita properties. The platform organizes over 100 luxury villas by bedroom count, destination, and features, ranging from single-bedroom condos to nine-bedroom estates. The Casa Celeste villa in Los Cabos represents popular four-bedroom configurations favored for family vacations.

Los Cabos maintains 35-minute proximity to its international airport alongside reliable dry season weather patterns. The region supports 28 golf facilities and extensive coastline for recreational activities. Costa Mar Villas reports 58 percent occupancy improvement year-over-year for comparable properties.

Mexico's luxury villa sector anticipates 16 percent growth during 2026, fueled by expanded U.S. direct flights. Casa Celeste in Cabo accommodates up to 10 guests across suites with balcony access and private bathrooms.
