

Dr. Kevin Aminzadeh Recognized By America's Best In Medicine For Pioneering Digital Dentistry And Oral Rehabilitation

Striving to Improve Patient Outcomes on a Global Scale

Oregon City, Oregon Mar 17, 2026 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Kevin Aminzadeh, a board-certified Prosthodontist and internationally recognized speaker, is transforming the landscape of dentistry with his innovative approach to implant and esthetic prosthodontics. With a career spanning over two decades, Dr. Aminzadeh combines his extensive clinical expertise with cutting-edge technology to enhance patient care and set new standards in dental practice.

In 2018, Dr. Aminzadeh founded Implant Genius, the world's first prosthodontist-driven implant planning company. This groundbreaking venture specializes in digital treatment planning for complex oral rehabilitations, offering invaluable guidance to oral and maxillofacial surgeons, periodontists, and general dentists. By leveraging advanced implant planning software, surgical guides, and tailored prosthodontic restorations, Implant Genius significantly reduces complications such as bone loss, prosthetic screw loosening, food trapping, and peri-implantitis. Under Dr. Aminzadeh's leadership, the company has rapidly gained recognition as a trusted resource for clinicians around the globe.

Dr. Aminzadeh's educational journey underscores his unwavering commitment to excellence in dentistry. He obtained his Doctor of Dental Surgery (DDS) from Western University in 2001, followed by a Master of Science in Prosthodontics from the University of Michigan, an institution celebrated for its pioneering role in the field. His advanced training continued with a Master Clinician certificate from the gIDE Institute and Loma Linda University in 2014. Furthermore, he is a Fellow of the Royal College of Dentists of Canada, a testament to his esteemed position within the dental community.

In addition to his entrepreneurial accomplishments, Dr. Aminzadeh is fervently dedicated to education and mentorship. He serves as a Clinical Assistant Professor at UBC Dentistry and an Adjunct Clinical Professor at the University of Michigan School of Dentistry, where he imparts his knowledge in implant planning, prosthodontics, and complex dentition treatment planning to the next generation of dental professionals. His practice, ByDesign Dentistry, located in Vancouver, BC, emphasizes restorative and esthetic dentistry, showcasing his commitment to providing state-of-the-art care while exemplifying clinical excellence.

Dr. Aminzadeh's impact extends beyond the dental chair; he is actively involved in philanthropic efforts, offering dental care to underserved populations in Southern Vietnam through Medical Aid for Vietnam. His dedication to improving patient outcomes both locally and globally reflects a rare combination of clinical mastery and compassionate service.
