Kensington, London Mar 11, 2026 (Issuewire.com) - In an era marked by spiritual uncertainty and intellectual skepticism, **Del H. Smith's** compelling new book, *Discovering LIFE'S PURPOSE: RE-EXAMINING THE CLUB*, offers readers a deeply analytical yet personal exploration of faith, reason, and the meaning of life.

Drawing on two decades of research, philosophical study, religious retreats and rigorous intellectual inquiry, Smith invites readers to confront life's most enduring questions: Why are we here? Has our

purpose already been determined? And if so, how do we live it more fully?

At the heart of *Discovering LIFE'S PURPOSE: RE-EXAMINING THE CLUB* is a powerful threefold premise:

1. That your life's purpose has been predetermined by your Creator.
2. What that purpose is.
3. How to more fully live it.

Smith refers to **THE CLUB** as the multi-denominational Christian Church founded by Jesus and rooted in the Bible as its charter. However, this book is not a simple defense of institutional Christianity. Instead, it is a thorough re-examination based on an intellectual and experiential audit of belief itself.

A retired international marketing consultant whose clients included IBM, Microsoft, Dell Computers and Hewlett Packard, Smith spent his professional life developing financial and sales methodologies adopted in over a dozen countries. Upon retirement, he redirected his analytical rigor toward a more personal pursuit: discovering life's ultimate purpose.

The result is a methodology he calls **Experiential Learning**, a disciplined process of applying one's life experiences to reason-based thinking in order to evaluate beliefs, assumptions and doctrines. Smith's own journey ranged from atheism to an unfulfilled conversion and ultimately to a fervent Christian faith. Along the way, he studied the works of prominent atheists such as *Richard Dawkins* and *Sam Harris*, wrestled with philosophical skepticism and scrutinized religious doctrine through the lens of logic and lived experience.

Kirkus Reviews describes the book as "*a readable and highly detailed inquiry into the roots and values of Christianity*", highlighting Smith's lucid analytical approach and his willingness to engage controversial topics with intellectual honesty.

Throughout the book, Smith examines longstanding Church teachings and dogmas with careful exegesis. He confronts complex issues, including abortion, euthanasia, contraception and sexuality, evaluating where Church interpretations align with Scripture and where they may represent misinterpretations. While unapologetically grounded in Christian belief, the book encourages thoughtful engagement rather than blind acceptance.

More than theological argument, however, *Discovering LIFE'S PURPOSE: RE-EXAMINING THE CLUB* is a call to personal fulfillment. Smith contends that true purpose is not self-invented but divinely designed and that peace and clarity come from aligning one's life with that predetermined calling. His reason-based framework appeals not only to believers but also to skeptics searching for intellectual coherence in matters of faith.

Featured at the London Book Fair 2026

Discovering LIFE'S PURPOSE: RE-EXAMINING THE CLUB will be endorsed and prominently featured at the **London Book Fair**, taking place **March 10–12, 2026**, at Olympia London. The book will be showcased under the **US Books booth, Stand 2D52**, represented by **Bookmarc Alliance**.

Readers, literary agents, publishers and fairgoers are warmly invited to visit Booth 2D52 to discover Del

H. Smith's thought-provoking work, along with other compelling titles, including books by Del H. Smith, featured by US Books and Bookmarc Alliance.

The London Book Fair provides an exceptional global platform for rights discussions, distribution partnerships and international exposure. Attendees will have the opportunity to explore Smith's groundbreaking approach to purpose-driven living and engage in meaningful conversations about faith, philosophy and contemporary Christianity.

In a world hungry for clarity and direction, *Discovering LIFE'S PURPOSE: RE-EXAMINING THE CLUB* offers something rare: a structured, reason-based path toward spiritual understanding and fulfillment. For those willing to question, examine and ultimately commit, Del H. Smith provides a roadmap, not just to belief, but to living it fully.

For more information, visit the US Books booth at Stand 2D52 during the London Book Fair 2026.

About Bookmarc Alliance Advertising

Bookmarc Alliance is an independently-run marketing and publicity company that aims to create spaces for new authors to promote their works. The business entity provides world-class services that better equip authors with brighter chances of landing a customer base on a global scale via marketing and publicity. The company is a powerhouse of highly skilled individuals committed to providing authors with the essentials of book promotions.
