

GreenSite Consulting Partners with SCMEP to Help South Carolina Manufacturers Reduce Waste Costs

Greenwood, SC March 23, 2025 GreenSite Consulting, powered by Mumford Industries, has partnered with SCMEP to help South Carolina manufacturers reduce waste costs and improve efficiency through practical, cost-saving solutions.

Greenville, South Carolina Mar 23, 2026 ([IssueWire.com](https://www.issuewire.com)) - GreenSite Consulting, powered by Mumford Industries, has partnered with the South Carolina Manufacturing Extension Partnership (SCMEP) to help manufacturers across the state reduce waste-related costs and improve operational

efficiency.

The collaboration brings together GreenSite's 30 years of expertise in waste reduction and recycling optimization with SCMEP's proven manufacturing improvement programs. Together, the organizations will provide hands-on support to help manufacturers identify inefficiencies, lower disposal and recycling costs, and implement practical, cost-saving solutions.

The partnership comes at a time when manufacturers are facing rising operational costs and increasing pressure to improve efficiency and sustainability. Waste and recycling programs are often overlooked areas of spend, yet they present significant opportunities for cost reduction and performance improvement.

"Resilient operations are built on efficiency and cost control," said Tina Green, Lead Consultant at GreenSite Consulting. "By partnering with SCMEP, we're able to combine our waste and recycling expertise with their deep manufacturing knowledge to help South Carolina manufacturers reduce costs, strengthen operations, and stay competitive."

SCMEP, a private, non-profit organization affiliated with the National Institute of Standards and Technology (NIST) under the U.S. Department of Commerce, provides consulting and technical support to manufacturers across South Carolina. Their services include Lean transformation, ISO certification, operational efficiency, and strategic growth initiatives.

Through this partnership, manufacturers will gain access to a collaborative approach that includes assessment, implementation, and ongoing support, ensuring improvements are both measurable and sustainable.

About GreenSite Consulting

GreenSite Consulting, powered by Mumford Industries, helps organizations reduce waste, optimize recycling programs, and control operational costs through practical, results-driven strategies.

About SCMEP

The South Carolina Manufacturing Extension Partnership (SCMEP) is a private, non-profit organization that helps manufacturers improve performance, competitiveness, and profitability through hands-on consulting and technical support.
