**DAVID K. HAALAND**

## Los Angeles, California Mar 26, 2026 ([IssueWire.com](http://IssueWire.com)) - Divine Order: A Journey from Exile to Awakening

**David K. Haaland** delivers a deeply moving, genre-defying memoir that blends political history, immigrant experience, and spiritual revelation into a singular, unforgettable narrative. Beginning in 1970s Iraq—where being Kurdish meant living under constant threat—Haaland chronicles a life shaped by loss, resilience, and an unshakable promise made to a dying mother: to become a U.S. citizen, no matter the cost.

What unfolds is not merely the story of immigration but a profound meditation on destiny. Writing with raw honesty and spiritual clarity, Haaland takes readers inside Saddam Hussein's Iraq, revealing the fear, surveillance, and systemic cruelty that defined daily life for minorities.

His account offers rare, personal insight into a historical moment often discussed in political terms but seldom experienced through such an intimate human lens.

### Literary Analysis & Global Impact

At its core, “\_\_\_” operates on two intertwined planes: the geopolitical and the metaphysical. On one level, it is a vital historical testimony—offering rare, firsthand insight into life as a Kurd under a brutal regime and the often-overlooked human consequences of authoritarian power. On another, it is a spiritual memoir that challenges readers to reconsider the nature of suffering, purpose, and divine order.

Haaland's narrative resonates globally because it mirrors a universal truth: that displacement is not only geographic but also emotional and spiritual. Readers across cultures will recognize the ache of longing, the confusion of betrayal, and the quiet hope that meaning can emerge from devastation. His introduction to angelic guidance, intuition, and spiritual teachers such as Dr. Wayne Dyer, Doreen Virtue, and Deborah King expands the memoir beyond political borders into a shared human quest for understanding and trust in the unseen.

The book's impact lies in its refusal to frame hardship as random. Instead, Haaland invites readers into a worldview where pain becomes instruction, loss becomes redirection, and life unfolds in divine timing. For a global audience navigating uncertainty, migration, spiritual disconnection, or personal reinvention, it offers not answers—but reassurance.

### Synopsis

As a Kurd in an increasingly hostile Iraq in the 1970s, David sought to fulfill his mother's dying dream for him: to become a U.S. citizen—an almost impossible task in a country that would not allow him to leave. In his own words, David provides rare insight into daily life under Saddam Hussein's rising regime and recounts the seemingly insurmountable barriers he overcame to pursue freedom, identity, and belonging.

The memoir follows David's eventual journey to America, where the promise of a new life is met with unexpected trials, deep disappointments, and painful betrayals. Just when the weight of loss threatens

to consume him, David is introduced to a new understanding of the universe—one guided by intuition, angels, and what he comes to recognize as divine orders.

Through spiritual awakenings and profound personal losses, David learns that nothing happens by accident. Only by accepting that the heartache in his life served a higher purpose does he finally learn to trust God, the angels, and the unfolding of his life's mission. His story stands as a testament to resilience, faith, and the courage to believe that even the most painful paths lead somewhere meaningful.

## ABOUT THE AUTHOR

David K. Haaland was born in Iraq to a loving family living under a brutal government regime. His life story is a gripping blend of political intrigue and spiritual revelation. From an early age, David devoted himself to fulfilling his mother's dream—shared shortly before her sudden passing—never knowing the magnitude of the journey that lay ahead.

That journey carried him across continents, away from family, homeland, and first love, into a future filled with unexpected trials. Though he ultimately achieved higher education and professional success, the deepest lessons of his life were not learned in classrooms but through years of adversity, heartbreak, and profound spiritual awakening.

David holds a master's degree in Information Technology with a specialization in Project Management and Leadership and has worked for over twenty-eight years as a senior computer analyst and project manager. A certified Angel Therapy Practitioner® (ATP) since 2011 and a Usui Reiki Master, David considers himself a light worker, guided by faith, divine love, and service to others.
