

Hidden Valley Camps & Resorts Expands Offerings in Pangot, Nainital, with New Glamping and Homestay Experiences

Nainital, Uttarakhand May 8, 2026 ([IssueWire.com](https://www.issuewire.com)) - [Hidden Valley Camps & Resorts](#), a premier destination for nature enthusiasts and birdwatchers in the heart of the Kumaon Himalayas, is proud to announce a significant expansion of its hospitality portfolio. To meet the growing demand for diverse travel experiences, the retreat has officially added **Luxury Camp** and a **Boutique Homestay** to its existing collection of wilderness lodgings.

Located just 15 kilometers from Nainital, Pangot is world-renowned for its biodiversity. With this expansion, Hidden Valley aims to provide a "nature-first" experience without compromising on the modern comforts that discerning travelers expect.

Elevated Wilderness: The New Offerings

The expansion introduces two distinct ways to experience the tranquility of the valley:

- [The Luxury Camps](#): Designed for those who seek the thrill of the outdoors with the amenities of a high-end hotel. These weather-proof, spacious safari tents feature ensuite bathrooms, premium bedding, and private decks offering panoramic views of the oak and rhododendron forests.

- [The Heritage Homestay](#): For travelers seeking cultural immersion, the new homestay wing offers a cozy, intimate atmosphere. Guests can enjoy home-cooked Kumaoni delicacies, wood-burning hearths, and the warm hospitality of local life, making it an ideal choice for long-stay digital nomads and families.

A Word from the Management

"Our mission has always been to disconnect our guests from the noise of the city and reconnect them with the rhythms of the forest," said the partner of Hidden Valley Camps & Resorts. "By adding luxury glamping and a traditional homestay, we are ensuring that whether you are an avid trekker, a birding professional, or a family looking for a peaceful getaway, there is a perfect corner of the valley waiting for you."

Sustainable Tourism at the Core

In alignment with the fragile ecosystem of the Kilbury Bird Sanctuary nearby, both new offerings have been developed with a **low-impact footprint**. Hidden Valley continues to prioritize eco-friendly waste management, local employment, and the preservation of the native flora that makes Pangot a birdwatcher's paradise.

About Hidden Valley Camps & Resorts

Hidden Valley Camps & Resorts is an eco-conscious retreat located in Pangot, Nainital, Uttarakhand. Known for its proximity to over 250 species of birds and its breathtaking Himalayan vistas, the resort provides a sanctuary for adventurers and peace-seekers alike.
