★ 4.8/5 on G2 · Trusted by 5,000+ teams who've cut contract turnaround from days to minutes - no lawyers, no templates, no wasted time.

Anchorage, Alaska Mar 13, 2026 (IssueWire.com) - Legitt AI, a globally recognized leader in AI-powered Contract Lifecycle Management (CLM), today highlighted the growing adoption of its flagship AI Contract Generator — a free, intelligent tool that enables businesses of all sizes to generate professional, legally compliant contracts in just minutes

Trusted by teams at Infosys, PwC, Meta, Hitachi, Citrix, and thousands of growing companies worldwide, the platform has surpassed 50,000 contracts generated, marking a major milestone in AI-driven legal automation. For decades, contract creation has been one of the most time-consuming and expensive aspects of running a business. Companies often spend thousands of dollars on legal fees and days waiting for a single contract to be drafted, reviewed, and approved.

Legitt AI's [AI Contract Generator](#) eliminates this bottleneck entirely — putting the power of professional contract drafting directly in the hands of business teams.

Key Features & Benefits, Instant Contract Generation.

1. Your needs are outlined, and you will receive an entirely drafted, custom contract in just a few seconds.

2. Legally Compliant Contracts AI guarantees that contracts comply with the standards of the industry without needing any professional expertise in law.

3. Fully Customizable - Edit, customize, and tailor each clause to your particular needs for your company.
4. The wide range of contract types includes NDAs and Services Agreements, as well as Employment Contracts, Vendor Agreements, and many more.
5. Seamless e-Signature Integration: Sign contracts instantly on the same platform.
6. Free to Use: No hidden charges, no credit card needed to begin.

Powering Businesses Globally

AI Contract Generator is already used by a number of the world's top organisations, such as **Infosys, PwC, Meta, Hitachi, Citrix, RateGain** and a host of companies that are rapidly growing. The teams that use Legitt AI to drastically cut down the amount of time and expense associated with contract design, enabling their legal, sales, and operations departments to concentrate on what is most important: the growth of the business.

With clients in Canada, the USA, the UAE, and Australia, Legitt AI's international presence continues to grow as more companies discover the revolutionary potential of AI-driven contract automation. The platform has earned a top 4.8/5 grade on G2, which reflects the constant benefit it provides to its ever-growing customer base of more than 5,000 teams.
