

## MH Fence Co. Marks 10-Year Milestone of Trusted Fence Installation Excellence in Littleton

MH Fence Co., a full-service fence installation and repair contractor based in Littleton, CO, is celebrating 10 years of serving residential and commercial clients across the Denver Metro area.

**Littleton, Colorado Apr 1, 2026** ([Issuewire.com](https://www.Issuewire.com)) - MH Fence Co., a full-service fence installation and repair contractor based in Littleton, Colorado, is marking a significant milestone in 2026: 10 years of serving homeowners, businesses, HOAs, contractors, and builders across the Denver Metro area. Since founding the company in 2016, Owner and President Mark Green has built MH Fence Co. into a trusted name in residential and commercial fencing throughout Littleton and the surrounding region.

The company serves a wide footprint across the Denver Metro area, including Arvada, Aurora, Castle Rock, Centennial, Denver, Englewood, Golden, Highlands Ranch, Lakewood, Littleton, and Parker. That broad service area reflects a decade of consistent growth driven by repeat customers, referrals, and a reputation for quality workmanship that has earned the company an excellent rating across Google Reviews.

Mark Green founded MH Fence Co. in 2016 with a straightforward goal: to provide reliable, high-quality fence installation and repair services to the full range of property owners across the Denver Metro area. Over the past 10 years, that commitment has remained the foundation of how the company operates, from the materials it selects to the way its crews show up and communicate on every job site.

"Ten years goes by fast when you are focused on doing good work," said Mark Green, Owner and President of MH Fence Co. "We started this company with the goal of being the contractor that people could count on, and everything we have built since then has come from staying true to that. We are proud of what this team has accomplished and grateful to every customer who has trusted us with their

property."

MH Fence Co. offers a comprehensive range of fencing services for residential and commercial clients. Services include new residential fence installation, fence repair, fence replacement, and commercial fencing for a wide variety of property types. The company also works directly with HOAs, general contractors, and builders, making it a versatile partner for projects ranging from single-family homes to large-scale commercial and community developments.

The ability to serve such a broad client base is one of the defining characteristics of MH Fence Co.'s first decade in business. Whether the project involves a backyard privacy fence for a homeowner in Highlands Ranch, a security perimeter for a commercial property in Aurora, or a community fencing project coordinated with an HOA in Castle Rock, the company brings the same level of preparation and professionalism to every job regardless of scale.

"Whether we are working with a homeowner on a weekend project or partnering with a builder on a large development, the standard does not change," Green said. "Every fence we install represents our name and our reputation, and after 10 years, that still means everything to us."

The company's excellent Google Reviews rating reflects the feedback of customers across its service area who have experienced MH Fence Co.'s approach firsthand. In an industry where quality and reliability can vary widely, consistent customer recognition over a 10-year period is a meaningful indicator of a contractor that delivers on its commitments.

As MH Fence Co. enters its next decade, the company remains focused on serving the Denver Metro area with the same full-service approach that has defined its first 10 years. With an established presence across Littleton and surrounding communities, the company is well positioned to continue growing its relationships with homeowners, businesses, HOAs, and builders throughout the region.
