### About the Book

The War That Rewrote the Middle East offers a comprehensive look at the socioeconomic and political transformations currently shaping the region. Liam Conrad avoids the surface-level tropes often found in Western media, opting instead for a gritty, data-driven exploration of how power is being redistributed across borders.

> "A necessary read for anyone trying to make sense of the 21st-century's most complex geopolitical puzzle."

### About the Author

Liam Conrad is a noted analyst specializing in international relations and regional security. His work focuses on the intersection of resource management and diplomatic strategy.
