

# PEYMO Launches on the Apple App Store

AI-Powered Hybrid Fintech Platform Now Available Across iOS and Android

**London, United Kingdom Mar 3, 2026** ([IssueWire.com](https://www.IssueWire.com)) - PEYMO, the AI-powered hybrid fintech platform, today announces that PEYMO launches on the **Apple App Store**, making its mobile application officially available to iOS users worldwide.

Following its successful Android launch, PEYMO now reaches users across both major mobile ecosystems — marking a significant milestone in its global rollout.

## Pay with Crypto in Any Store with PEYMO on the App Store

PEYMO transforms how digital assets are used in everyday life. The app enables users to:

- Pay with crypto in physical stores, seamlessly
- Send and receive stablecoins instantly
- Execute direct wallet-to-wallet transfers
- Conduct cross-border payments without traditional banking friction

By focusing on real-world usability, PEYMO moves beyond speculation and trading — making crypto practical for daily transactions.

*“Launching on the App Store is a major step forward. PEYMO is built to make crypto usable, not complicated. Whether you’re paying in a local shop or sending stablecoins across borders, the experience should feel effortless.” — Tomas, CEO & Founder, PEYMO*

## **Built for the Digital Economy**

PEYMO is designed for:

- Freelancers receiving international payments
- Private individuals who prefer digital assets
- Merchants looking to accept crypto without legacy banking barriers

Through stablecoin integration, PEYMO provides:

- Price stability compared to volatile crypto assets
- Near-instant settlement
- Transparent blockchain-based transactions
- Reduced intermediary costs

## **Secure, User-Controlled Infrastructure**

The platform is built with:

- Self-custodial wallet architecture
- Direct blockchain settlement
- Full user control over funds
- Secure and scalable backend infrastructure

PEYMO combines decentralized rails with intuitive design — creating a seamless bridge between crypto and everyday commerce.

## **PEYMO on the Apple App Store: Full Ecosystem Coverage**

After strong initial traction on Google Play, the App Store approval significantly expands PEYMO’s global reach and accessibility. With both Android and iOS coverage, PEYMO strengthens its position as a next-generation payment solution for the digital-first economy.
