

## Pure Exhibits Launches “Booth Finder” a Self-Service Tool to Search and Request Trade Show Booth Rentals at Fixed Prices

**Las Vegas, Nevada Mar 3, 2026 (IssueWire.com)** - Event managers navigating tight deadlines and unpredictable vendor pricing now have a simpler way to secure a trade show booth. **Pure Exhibits, America's premier trade show booth rental company**, delivering turnkey exhibit solutions with over 15 years of experience, has launched Booth Finder — a self-service tool that allows planners to browse more than **800 rental booth options** by venue city and booth size, then request a transparent, all-inclusive quote in a single click.

The tool is available now at [pureexhibits.com](https://pureexhibits.com), covering eight standard booth sizes from 10×20 booth rentals to [30×40 island builds](#) across all major U.S. convention markets, including [Las Vegas](#), [Chicago](#), Orlando, Dallas, San Diego, and Washington D.C.

“The traditional booth quoting process is built around back-and-forth emails, unclear pricing, and extended turnaround times,” said Utsav Kedia, CEO of Pure Exhibits. “Booth Finder was designed to remove that friction by allowing planners to filter by venue, city, and booth size and move directly to transparent, all-inclusive pricing.”

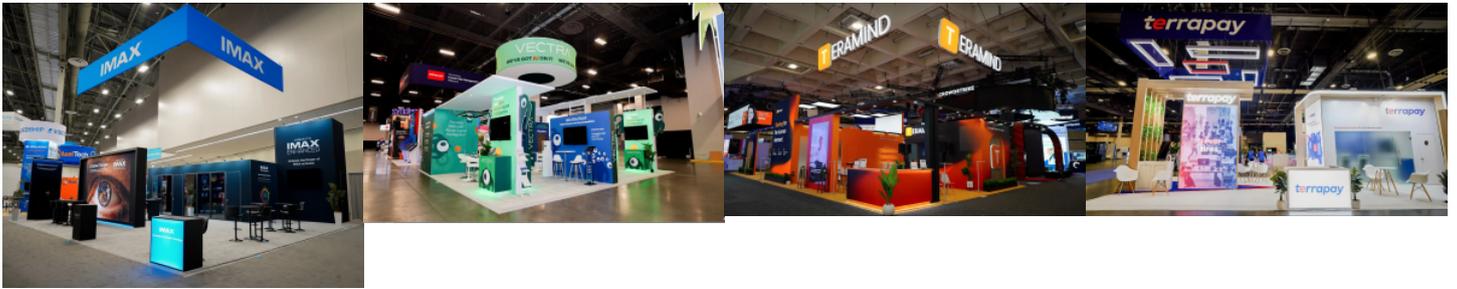

Through Booth Finder, planners can browse more than 800 customizable rental booth designs supported by Pure Exhibits’ 65,000-square-foot Las Vegas production facility. [Fixed pricing](#) includes design, fabrication, shipping, installation, and teardown under a single point of contact. For compressed timelines, the company delivers a quote turnaround within 24 hours of inquiry.

The trade show industry has long relied on custom quotes that often shift between proposal and final invoice, forcing event managers to reconcile unexpected costs after contracts are signed. Pure Exhibits' fixed-pricing model, now available through Booth Finder, addresses that gap by providing transparent pricing upfront — before any commitment is made.

The Booth Finder is free to use with no account or registration required. Event managers planning upcoming shows can begin searching immediately at [www.pureexhibits.com](http://www.pureexhibits.com).
